Tiny Baby Lives
PHILADELPHIA (AP)—Mrs. Teresa Alexandroni, 23, gave birth Sunday to a one and a half pound boy. The infant was placed in an incubator and is being fed through a tube. Physicians said the mother and son were "doing well."

Unions Clash; Violence Feared In Ports Of U.S.

Wallace Repeats Plea For Softer Deal To Russia

WASHINGTON (AP)—Secretary of Commerce Wallace today reaffirmed his stand for the softer U.S. policy toward Russia which President Truman disavowed as administration policy, and said he will continue to fight publicly for his views.

Wallace's announcement apparently heralded a wide-open split in Mr. Truman's cabinet between the Commerce Secretary and Secretary of State Byrnes, whose aides here and in Paris have made no secret of his bitter opposition to Wallace's idea.

Wallace talked with President Truman by telephone immediately before he issued his statement, aides said. They reported he would see the President probably tomorrow, but by Wednesday at the latest.

Wallace's statement given to reporters after he returned to his office from New York said:

"I stand upon my New York speech. It was interesting to find that both the extreme right and extreme left disagreed with the views I expressed. Feeling as I do, however, I intend to continue my efforts for a just and lasting peace and I shall, within the near future, speak on this subject again."

Sportsman Saved By Rescue Party

COPPER MOUNTAIN, B.C. (CP)—For 12 days Al Hartfiel of Copper Mountain, B.C., lay within sight of help with a broken leg.

Hartfiel broke his leg when he fell down a cliff on a fishing trip up the Similkameen River. Suffering severely from exposure, he is recovering in hospital at Princeton. A crew of six men who went to his rescue had to wade waist deep in fast water across the river, carry the injured man by stretcher a 1,000-foot climb from the river to the Kettle Valley railway tracks.

His left leg smashed, Hartfiel managed to crawl to the river for water occasionally for several days after the mishap. One day he saw another fisherman, who waved to him and moved on down the river. Hartfiel called to him for help but the noise of the rushing water in the canyon drowned out his voice. He gave up hope of rescue, and for the next seven days lay in the rain, frost and sun, at times delirious, until a party who were fishing heard cries and discovered Hartfiel on the bank across the river.

Communist spokesman Wang Ping-nan acknowledged that "we may lose this or that city or this or that area," but added that "we are not worried" the government may seize land, but cannot win the war against us as long as our troops are intact.

"The Reds will not discuss any political settlement, he reiterated, until Chiang Kai-shek pledges 'unconditional cease-fire order.' This Chiang has been unwilling to do.

Tigers Drop Bridges

DETROIT (AP)—Tommy Bridges, 39-year-old curve-ball specialist who has pitched 15 years in the American League, today was given his unconditional release by Detroit Tigers.

He has appeared in nine games this season, winning one and losing one.

British, U.S. Censors Disagree

Latest Hollywood vs. London controversy centered around the exposed bosoms of Jane Russell and Margaret Lockwood. Miss Russell's "The Outlaw" may draw a ban instead of whistles from the London censors, while Miss Lockwood's British-made film, "The Wicked Lady," had to be partly remade at a cost of \$20,000 to meet objections of U.S. censors.

Fred Rose Appeal Delayed To October

MONTREAL (CP)—At request of defence counsel, hearing of Fred Rose's appeal from conviction on a conspiracy charge was postponed today to the October term of the Appeal Court.

The Labor-Progressive member of Parliament for Montreal-Cartier was convicted last June and sentenced to six years in the penitentiary. The charge was that he conspired unlawfully to communicate information to Russia.

Albert Marcus, representing Rose, told the court the transcription of the case was not ready and consequently a postponement was sought. F. Philippe Brals, K.C., and Oscar Gagnon, K.C., replying for the Crown, said they were ready to proceed, but in view of the circumstances would not oppose the postponement.

The defence also presented today a motion for an appeal from the sentence of six years, but the court suspended the motion, ruling it should have been made before a judge of the Appeal Court in chambers and not to the court as a whole.

Argument was expected on this ruling after the court dealt with other cases.

24 Lose Lives In Clashes In Greece

ATHENS (AP)—The ministry of public order today reported 12 "bandits" killed in skirmishes as two bridges between Kalabaka and Ioannina were destroyed and 27 telegraph poles cut down in continuing efforts by leftists to disrupt communication lines in northern Greece.

Seven persons were slain in a battle on the island of Kephallenia and five others were killed north of Larissa, the ministry said. Twenty gendarmes and soldiers seized by a leftist band in a battle Saturday at Olivadi were stripped of their clothing and released.

Police said unidentified assailants shot to death a Communist who was escorting two women Sunday night in the Kaisariani section of Athens.

Brooklyn Loses Heartbreaker As Rookie Homers

BROOKLYN (AP)—Bill Nicholson's seventh-inning home run with the bases loaded off rookie Paul Minner gave Chicago Cubs a 10-7 victory over Brooklyn Dodgers today that shoved the idle St. Louis Cardinals in the National League race.

Results were:
R H E
Chicago 10 15 0
Brooklyn 7 10 2
Batteries—Wyse, Chipman (1), Borowy (5) and McCulloch; Lombardi, Casey (1), Minner (6), Herring (7), Melton (8) and Edwards.

AMERICAN LEAGUE
New York 7 12 2
St. Louis 8 11 0
Batteries: Marshall, Page (4), Gumpert (7) and Robinson; Fannin, Potter (5), Pecina (6), Munier (7), Petrick (9) and Moss.

Clergyman, 81, Plans Long Sail

VANCOUVER (CP)—The spirit of high adventure ran strong in the heart of 81-year-old Rev. John Antle as he set sail Saturday with a two-girl crew for a 10,000-mile voyage in the two-masted yawl "Reverie."

The journey will take them about a year.
With two girls for crew, Mr. Antle plans to sail his 40-foot yacht down the coast of the U.S., through the Panama Canal to the Indies and northward to New York. From New York they likely will go to Newfoundland, where the sea-going clergyman was born.

The two girls are Lucy Varty, 19, and Audrey Sherlock, 20. Both girls, according to the parents, have been sailors since they were big enough to hold a tiller.

Mr. Antle is a retired clergyman of the Church of England, a pioneer in work of the Columbia Coast Mission in B.C. and an experienced sailor and navigator.

He brought the Reverie, a 40-ton yawl with canvas and a small auxiliary, from England in 1940 when submarines were out on the first campaign against Atlantic shipping. He brought the little ship into Victoria harbor after 13 months of travel, a 10,000-mile voyage that took him to Africa and through the Panama.

Buy Broad Street Building For \$10,000

Purchase of the three-story building at 1407 Broad Street from the Weston estate by Hugh Francis for \$10,000 was announced by Mr. Francis today.

Mr. Francis has ambitious plans to convert the building, which was formerly used as an auto body work shop, into an up-to-date storage garage and service station at a cost of \$15,000. He now operates the Francis Battery and Tire Service on Quadra Street.

The first two stories of the building will be used in his car storage business, which will be able to handle from 50 to 75 cars, Mr. Francis said. The third floor is being rented to four returned servicemen who are setting up a furniture refinishing business.

The building is 60 by 120 feet.

New Portland Track Faces Union Trouble

PORTLAND (AP)—The newly-opened Portland Meadows race track, only major west coast oval under lights, was faced today with a union jurisdictional dispute.

The dispute involved the Portland local of the Building Employees' International and a group headed by Charles Hardy of San Francisco, both of which are claiming jurisdiction over the plant's maintenance crew.

A.F.L. Stevedores, Seamen May Break C.I.O. Picket Line

NEW YORK (AP)—The 12th day of a country-wide maritime strike found New York city's waterfront tense today with threats of clashes between thousands of picketing C.I.O. seamen and A.F.L. longshoremen under instructions not to "respect any 'Commie' picket line."

National Maritime Union (N.M.U.) leaders employed their most formidable weapon—the massed picket line with marchers so closely linked it is practically impossible to squeeze through—as negotiations to end the walk-out collapsed.

Police strength was bolstered throughout the sprawling docks area. C.I.O. leaders said Sunday night there might be trouble if the A.F.L. longshoremen attempt to breach picket lines as they did Saturday to help unload the S.S. George Washington.

Fourteen liners with more than 6,000 passengers—half of them army or navy personnel—were due in New York port during the day.

The first clash between the opposing unionists came in mid-afternoon shortly after the French liner, Colombie had arrived with approximately 1,000 passengers.

About 150 longshoremen, according to a police account, crashed the N.M.U. picket lines and started removing baggage. In the confusion which followed one A.F.L. longshoreman was arrested and taken to 54th Street police station because he struck an N.M.U. picket, police said. No charge was placed against him immediately.

Many longshoremen were on the job along the waterfront but they had not passed picket lines to get there. Some men, anxious to return to work after 11 days of idleness, reported for work early, before the C.I.O. pickets were dispatched for duty.

Unofficial returns compiled by the French Military government showed the Christian Socialists ahead in all sections, the Saarland, Baden-Baden, the Palatinate and the Rhineland.

Downpour, Lightning At Powell River

POWELL RIVER, B.C. (CP)—For 12 hours Powell River, coastal mill town 70 miles north-west of Vancouver, was swept by a torrential rain and electrical storm during the week-end.

Lightning struck the Lois River power plant, plunging the district into darkness for 45 minutes, and it caused some damage in the plant.

The storm raged from 9 p.m. Saturday until 9 a.m. Sunday, reaching its peak between 4 and 5 a.m. Sunday when a fall of one inch of rain was recorded.

Double Discharge

Communists Trail In British, French Zones' Elections

BERLIN (AP)—German voters in the British, American, and French zones of occupation have rejected Communism as their guiding political philosophy, at least for the time being.

This became apparent today when election returns from all four zones of the Reich became available. In the French and British zone voting yesterday the Communists were snowed under in much the same fashion as in the American zone elections held previously.

Incomplete returns from municipal and rural elections Sunday show the Conservative Christian Socialists won in the French zone; moderate Leftist Social Democrats leading in the British zone, and the Communist-dominated Socialist unity party victorious in the Russian-occupied provinces of Brandenburg and Mecklenburg.

At the halfway mark, counting in the British zone was: Social Democrats, 2,285,307; Christian Democrats, 2,011,319; Independents, 1,885,813; Lower Saxony Farmers party, 470,403; Communists, 339,146.

LEFT FAR BEHIND

In the predominantly Catholic French area, the Communists trailed far behind the Christian Socialists, corresponding to the Christian Democratic Union in the British and U.S. zones. Independents, because of the local nature of the elections, also piled up a considerable vote.

Unofficial returns compiled by the French Military government showed the Christian Socialists ahead in all sections, the Saarland, Baden-Baden, the Palatinate and the Rhineland.

The combined returns: Christian Socialists 1,090,810; Socialists 493,086; Independents 410,820; Communists 152,356. Liberal Democrats drew 45,005 votes in Baden-Baden and a leftist group called the Party of the Palatinate got 12,293 votes in the Palatinate.

In the British zone, with approximately one-third of the votes cast tabulated in rural elections, Independents held a lead of fewer than 10,000 votes over the Social Democrats. The Christian Democrats were close behind. The Communists made a surprisingly poor showing, but are expected to show considerable strength in the Oct. 13 elections in the cities and other more densely-populated areas.

Poland's Boundary Fixed, Says Molotov

PARIS (AP)—Soviet Foreign Minister Molotov, differing with Secretary of State Byrnes, declared tonight that Poland's western frontier was established at Potsdam.

For more than a year, Molotov said, the frontier has run "along the line Swinemunde-Oder-Western Neisse."

Byrnes said in his Stuttgart speech that the United States did not consider Poland's western frontier as having been fixed definitely on the Oder River line, and that it was subject to further review.

As early as Nov. 26, 1945, Molotov said in a statement, "The Control Council in Germany has accepted the plan of the evacuation of German population from Poland." He said more than 2,000,000 Germans had been evacuated so far.

U.S. Delegate Wants Trieste Free City

PARIS (AP) — Senator Tom Connally of the United States, replying to Foreign Minister Molotov of Russia, today demanded that the Peace Conference establish Trieste as a truly free state.

independent of both Yugoslavia and Italy.

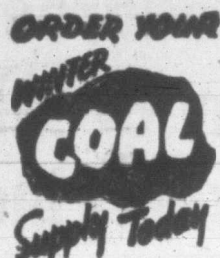

Citing the principles on Trieste agreed on by the Foreign Ministers' Council, Connally asserted these agreements should be honored for the sake of peace.

"Let us make Trieste the symbol of peace and security in the world," the Texas senator urged.

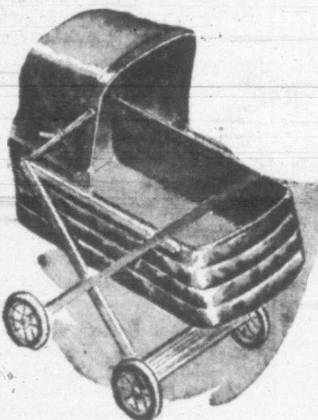

Earlier, in an hour-long speech to the Italian political commission, Deputy Premier Edvard Kardelj of Yugoslavia, had declared the western powers were attempting "to draw a heavy iron curtain around the Mediterranean Sea."

Continuing the Slav bloc campaign for a dominant Yugoslav position in the projected free territory of Trieste, Mr. Kardelj said Britain and the United States were opposing Slav demands simply to protect their rights and privileges in the Mediterranean.

Kardelj spoke in support of Yugoslav proposals which would place Trieste within a Yugoslavian customs, monetary and diplomatic union, while its government would be established by an international "Big Four" commission.

U.S. Foreign Policy Difference Not Resolved By Truman's Talk

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Every sign pointed today to a hot dispute between Henry A. Wallace and the State Department over future foreign policy speeches by the Secretary of Commerce.

Whether a full-scale cabinet crisis would develop appeared to hinge on whether President Truman's stated approval of Mr. Wallace's right to deliver his New York speech last Tuesday cleared the way for Mr. Wallace to carry on his fight for what he considers a "more realistic" attitude toward Russia.

If so, a showdown is in the making over the current "tough" policy of State Secretary Byrnes. No one in either the Wallace camp or at the State Department appears to consider that Mr. Truman's statement Saturday resolved basic policy differences between the two Cabinet officers.

The President made four main points.

1. His approval of Mr. Wallace's speech at a press conference last Thursday was intended to cover only Mr. Wallace's right to make the speech, not what he said.

2. The belief that he had endorsed the speech was a "natural misunderstanding" due to the fact that he had not said what he intended to say.

3. There has been no change in U.S. foreign policy.

4. There will be no "significant" change in American foreign policy without consultation with Mr. Byrnes and Congressional leaders.

While Republicans assailed the President's "mistake" and questioned the wisdom of letting Mr. Wallace criticize administration foreign policy, Democrats generally hailed Mr. Truman's explanation and expressed hope the incident would be considered cleared up.

Will Discuss Trade In South America

M. J. Vechler, formerly commercial secretary at the Canadian Embassy at Santiago, Chile, will visit Victoria Wednesday and Thursday to discuss trade in his former territory of Chile and Bolivia. Victoria businessmen will be able to make appointments with Mr. Vechler through the Trade Commissioner's office, Department of Trade and Industry.

Weather

Barometric pressures are rising along the coast and skies are mainly clear this morning although some cloudiness is persisting over the water and along the mountains. Cloudy weather with frequent showers is continuing over the interior and Crescent Valley reports eighth inches of rain in the past 24 hours with smaller amounts at other points. Temperatures dipped to 32 degrees early this morning at Prince George and tonight clearing skies over the southern interior will bring 5 to 30 degrees of frost.

Victoria and vicinity — Variable cloudiness this morning becoming clear during afternoon. Clear Tuesday with fog over straits in the morning. Light winds increasing to southwest 15 m.p.h. in the afternoons and evenings. Little change in temperature.

West coast Vancouver — Clear today and Tuesday. Light winds. Little change in temperature.

Remanded For Month

OTTAWA (CP) — Dr. Henry Harris, Toronto optometrist, today was remanded to Oct. 14 for further hearing on a charge of conspiring to supply Russian agents with secret and confidential information. He was arrested in connection with Canada's spy inquiry after the publication of the final report of the Royal Commission on Espionage.

Axe-Blow Kills Child

HAGERSVILLE, Ont. (CP) — Two-year-old William Page bled to death Sunday night after being struck accidentally in the neck by an axe a 13-year-old boy was using to cut wood. An inquest will be held.

LOOKING FOR TROUBLE — British soldiers, who have already searched furniture and bedding stacked in yard, climb to roof of a house in Sdoh Yam, Palestine, searching for Jewish extremists involved in dynamiting of three oil pipelines at huge Haifa refinery, 35 miles away. Village was surrounded by troops and its 150 residents confined in barbed-wire entanglements during house-to-house search.

GLOBAL SURVEY

By DEWITT MACKENZIE
Associated Press Foreign Affairs Analyst

British officialdom heaved a mighty sigh of relief on learning that Commerce Secretary Wallace's foreign affairs pronouncement — widely interpreted in Britain as "anti-British" and "dangerously pro-Russian" — didn't represent a change in American foreign policy.

Downing Street was "very pleased," to use the phrase of a Foreign Office spokesman, at President Truman's statement that he didn't endorse Mr. Wallace's speech but rather the right to make it. The spokesman might have added with equal truth that the average Briton — or the average European, for that matter — would be vastly astonished that a cabinet minister should have such freedom of unilateral action.

In Britain — and in most, if not all, European countries — a statement by one member of the cabinet is binding on the whole cabinet, from the Prime Minister down. For this reason no member of cabinet ever makes a statement which might even remotely affect government policy without having discussed it with the premier and his colleagues.

Approval is given, then the entire cabinet stands back of it. If the Prime Minister disapproves, then the statement cannot be made — or if by any chance it were made, then the minister who had violated the code would be forced to resign and his statement would forthwith be disavowed by the government.

So far as the ordinary member of cabinet is concerned, if he doesn't agree with the policies of the Prime Minister — or at least if he doesn't back them up — then he must resign. If the policies of the Prime Minister and his cabinet advisers go wrong, then parliament kicks them out of office forthwith and a new ministry is formed.

150,000 Singapore Chinese Massacred By Japs, Court Told

TOKYO (AP) — More than 150,000 Chinese troops and civilians were massacred by Japanese in Singapore, said a hitherto secret atrocity report read today to the International War Crimes Court.

"They were punished or tortured to death by Japanese secret police," said the document — which the prosecution introduced as evidence over defence protests that its authenticity was unknown.

"One European was tortured for 55 hours, and another was hit 144 times," the report added. "Japanese poured water into the mouth and nostrils of one suspect, then jumped on his swollen stomach."

The document was discovered last week by British Col. Cyril Wild, who had testified personally of Japanese mistreatment of Allied prisoners forced to labor on the Siam-Burma railway project. The prosecution said 10,000 men died there.

An official Japanese government report blamed a time limit on the construction for its heavy death toll, and said prisoners were pushed to the utmost to keep the work on schedule.

Britain May End Bread Rationing

LONDON (CP) — In a move which may presage the early end of bread rationing, the Ministry of Food announced Saturday a 50 per cent reduction in point values of a long list of cereal products, chiefly breakfast foods and baking mixtures.

Business Women Install Officers

Installation of officers in the Victoria Business and Professional Women's Club was conducted Saturday evening in the clubrooms, 301-2 Union Building. Miss Lillian McMillan, R.N., newly-elected provincial president for British Columbia in Canadian Federation of Business and Professional Women's Clubs, acted as installing officer, conducting an impressive candlelight ceremony before a large gathering of members and friends.

The new president, Miss Minnie Beveridge, as the first act in her year's duties, introduced special guests as follows: Miss May LeMessurier, Vancouver Business and Professional Women's Club; Mrs. J. Hedden Gillespie, Miss Marian McMillan of Honolulu, sister of the installing officer; Miss Hilda Spearman of the Prince Albert Club, and Miss Joyce Whitehead of the Zelotes Club.

Presentation of the Bay-Wigley scholarship was made by Miss Mabel Cameron, chairman of the scholarship committee, to Miss Vera Pearson, outstanding student in Victoria High School's commercial course. Miss Cameron also introduced Miss Pearson's mother, Mrs. R. W. Pearson.

Vocal solos were given by Miss Irene Byatt, accompanied by her sister, Miss Florence Byatt. Mrs. Lillian Smith, immediate past president gave a report of the 1946 convention of Canadian Federation, held in Toronto early in summer, to which she and Miss Beveridge were Victoria delegates.

Mrs. Mary Cummings presented a vote of thanks to the

installing officer and those who had arranged the evening's program of events. Following the ceremonies, a social hour was held and refreshments served under the convenership of Miss Helen Cruickshank.

T.C.A. Provides Faster Air Mail And Low Fares

A major improvement in air mail service between Victoria, Vancouver and other parts of Canada, and reduced plane fares between this city and Vancouver will become effective Nov. 1 when Trans-Canada Airlines takes over the Canadian Pacific Air Lines service, according to H. J. Symington, T.C.A. president, who arrived on the B.C. coast during the week-end.

With Reconstruction Minister C. D. Howe, Mr. Symington flew from Montreal to Santa Monica, Calif., during the week-end making a brief stop at Vancouver, on the test flight of the North Star, prototype of the new 40-passenger plane being built in Canada for the government.

Subject to final approval by the Air Transport Board, T.C.A. will offer a one-way fare to Vancouver of \$3 and a round-trip fare of \$5.40. The new arrangement will enable T.C.A. to operate any of its trans-continental flights, on which there is a traffic demand, right through to Victoria.

MAIL ON ALL FLIGHTS

All eight flights planned for the present on the new Victoria-Vancouver service will carry mail, nearly tripling the present three-flight air mail service.

Mr. Symington also announced the opening on Nov. 1, with three

round trips daily, of T.C.A.'s new international service between Victoria and Seattle. The airline will use 21-passenger DC-3 aircraft on these services.

R. W. Mayhew, M.P., applauding the new service, said: "It will give Victoria a better air service than it has ever had before, both to Vancouver and Seattle. The services have been badly needed."

Planes were going to be of a very superior type, he said, and T.C.A. had indicated it would bring passengers' ground accommodation at Patricia Bay up to T.C.A. standard as soon as possible.

BEST IN CANADA

"I do not think any city in Canada has a better air service," Mr. Mayhew said.

Ronald Williams, manager of T.C.A. offices here, said that, although flight times had not yet been settled, he believed the Victoria-Vancouver service would be run to coincide with the trans-continental service leaving Vancouver at 7.15 a.m., 4.40 p.m. and 12.40 a.m., standard time.

The eight-round trips would be made at times most suitable for passengers, he said, adding it had already been suggested there would be three flights in the morning, two in the afternoon and three more in the evening, offering a daily commuting service, and give air mail connection with all trans-continental flights.

Although T.C.A. would be starting off its new service with eight round trips to Vancouver and three to Seattle, as many more flights would be put on as the public would absorb.

Direct service from Victoria and Vancouver to Prestwick, Scotland, might be undertaken if current economic studies show that such an operation would be profitable.

South American service might also be inaugurated, if it is likely to be profitable.

Fares on the North Atlantic

Trial Postponed For 5 Leaders Of Squatters

LONDON (CP)—Five Communist leaders charged with conspiracy in the organization of a squatter invasion of vacant London luxury apartments received an eight-day stay of arraignment today when Prosecutor H. A. K. Morgan announced he did not intend to "go on with the case today."

Counsel for the Communists agreed to postponement of the hearing until Sept. 24 and the accused were freed on continuance of the same bond posted when they were charged last week.

Although prosecution and defence were apparently in agreement, there was no indication in court of the reason for the postponement.

Arraigned were Edward F. Bramley, 40, secretary of the London District Communist Party and a member of the London County Council; Joyce Allington, a Westminster City councillor; Ernest Stanley Henderson, 30, secretary of the Hamersmith Communist Party; Morris Israel Rosen, a Stepney councillor, and Gabriel Carrith, a Westminster City councillor.

The government steadily tightened restrictions and appeared to be gaining confidence that it would achieve an early solution of the eight-day-old crisis, although 1,500 squatters still were sitting tight in west-end luxury apartments.

Truckmen Refuse To Handle Province

VANCOUVER (CP)—The Vancouver Daily Province today went ahead with plans to publish despite failure to settle a dispute with the Vancouver local of the International Pressmen's Union (A.F.L.).

The Province published Saturday following a three-day shutdown caused by the pressmen refusing to handle "struck" plates.

Meanwhile an official of the A.F.L. Truck Drivers' Union said members of that union would refuse to handle the Daily Province during the present dispute. He added Saturday's edition was distributed by non-union men.

run are set by the National Air Traffic Association of North America for all airlines and approved individually by each country, he said. A conference to set Pacific rates has not yet met.

"We are coming into a period of great development and change in air travel and nobody can say ultimately what the rates will be," Mr. Symington added.

21 Killed By Plane Crash Caused By Locked Control

OTTAWA (CP)—Technical examination of the wreckage of the R.C.A.F. Dakota aircraft which crashed Sunday at Estevan, Sask., with a loss of 21 lives showed a control lock on the starboard elevator had not been removed before the flight, air force headquarters said today in a statement.

"In view of the fact that all members of the crew of the aircraft lost their lives, it appears doubtful that a full explanation of this regrettable error will ever be ascertained," the statement said. "A full investigation covering the whole flight of the aircraft is already proceeding."

The Dakota, loaded with 21 R.C.A.F. personnel, was seen to approach the airport normally with its wheels lowered.

"For some reason the pilot decided not to land on his first approach and opened up the engines to go around again," the statement said. "During this manoeuvre, the pilot apparently lost control and the aircraft crashed."

The statement said that standard air force procedure as laid down in regulations "requires positive evidence" of removal of all the control locks before take-off.

An R.C.A.F. official explained that the control device used consisted of wooden blocks to hold the elevator in place when the plane was not in flight.

Ottawa Issues Names Of 14 Dead

Air force headquarters meanwhile announced the names of 13 more R.C.A.F. personnel killed in the crash.

A 14th name, that of F.O. H. H. Cowan, D.F.C., of Ottawa, was announced Sunday night.

Names of the remaining seven personnel are being withheld pending confirmation that next-of-kin have been notified.

The names, with address of next-of-kin:

F.O. Stephen Pond; Mrs. Constance Marie Pond (wife), Montreal.

Ft. Lt. Clifford Sommerville Coppin; Mrs. C. S. Coppin (wife), Kamsack, Sask.

Ft. Lt. Lawrence Victor Kirsch; Mrs. L. V. Kirsch (wife), 174 Tupper Ave., Yorkton, Sask.

Ft. Lt. William Jacob Louis Weicker, D.F.C. and Bar; Mr. and Mrs. William Weicker (parents), North Kitchener, Ont.

Ft. Lt. Robert Cowan McRoberts, D.F.C.; Mrs. R. Mc

Roberts (wife), 288 Yale Ave., Winnipeg.

Ft. Lt. Joseph Alphonse Camille Bouchard, D.F.C.; Mrs. A. C. Bouchard (wife), Longueuil, Que.

Ft. Lt. William Murdoch Jackson; Mrs. W. M. Jackson (wife), Lansing, Ont.

Ft. Lt. Leonard Edgar Turtle, North Battleford, Sask.

F.O. Stephen Pond, Montreal.

Ft. Lt. Stanley Wright Proctor, Toronto.

Ft. Lt. Louis Eric John Murphy, Ottawa.

Ft. Lt. Morris Crosby Cuthbert, Ottawa.

Ft. Lt. James Pyle Jesse, D.F.C., Ottawa.

Loss of 21 lives in the crash Sunday was the second worst air accident in Canadian records, exceeded only by the loss of 24 in disappearance of an R.C.A.F. Liberator over Quebec City, Oct. 19, 1945. The wreckage of that plane was discovered just a few weeks ago.

Tenders For Repair Of Kathleen Opened, Officials Study Them

Tenders for the \$1,000,000 repair job to the Princess Kathleen were opened at 11 this morning at C.P.R.'s B.C. Coast Services offices here, Capt. O. J. Williams, manager, announced.

With Capt. Williams at the opening of the tenders was H. Warkam, representing the British Ministry of War Transport, which operated the Kathleen on troop transport duties during the war and which is expected to pay the large share of repair costs.

Bids were submitted by the two major Victoria yards—Victoria Machinery Depot Co. Ltd. and Yarrows Ltd.—and by Burrard Drydock Co. Ltd. and Pacific Coast Drydocks Ltd., both of Vancouver.

Following initial examination of the tenders, Capt. Williams said some time would have to be given to consideration of the tenders as there were a number of complicated details to consider. On completion of two surveys made of the Kathleen after her return here from overseas, Capt. Williams said 90 per cent of the repair work to the Kathleen would be interior work. The ship was

stripped of her passenger accommodation for her troop duties. There was little steel work to be done, however, Capt. Williams said. Part of the cost of the work on the Kathleen will be borne by the C.P.R. to bring the vessel to the shape they desire before she goes back on the Victoria-Vancouver-Seattle run. Whatever work is necessary to bring her back to the condition she was in when taken over for troop duties will be borne by the British Ministry of War Transport.

1,000,000 Japs Strike

TOKYO (AP)—Japan's 330,000 unionized farm hands prepared today to strike, raising to nearly 1,000,000 men the total idle in labor disputes and threatening to halt food distribution from farms to consumers.

TORONTO (CP)—There were nine fatal accidents in eastern Canada during the week-end, three of them motor mishaps, three miscellaneous, two shooting accidents and one drowning.

No Parking Zones On Island Highway

Believed to be the first no-parking zones established beside the Island Highway, three strips were announced today to have been set aside as prohibited areas for parking of vehicles.

First zone made a prohibited area for parking by provincial order-in-council extends for 1,056 feet north side of the highway just past Parsons Bridge. The second extends for 600 feet on the west side of the highway opposite the Chalet on the Malahat, and the third for 200 feet on the west side of the road opposite the Scenic View Service Station.

Commenting on the new no-parking zones, provincial police pointed out that parking is prohibited anywhere on the highway unless a parked vehicle has 10 feet of clearance from the road, and is prohibited in any case where a parked vehicle obstructs traffic or a view of the road.

B.C. Unable To Extend Race Meet

British Columbia has no authority under the Horse Racing Act to grant permission for a 21-day racing meet at the Willows Track, Attorney-General Gordon Wismer said today after receiving a letter from the B.C. Thoroughbred Breeders' Association asking that Oak Bay Municipality be overruled on its action in cutting the present racing period to two weeks.

The letter asked that the Provincial Government, by order-in-council, extend the period to three weeks, the Attorney-General said.

NO APPEASEMENT

MORE THAN TWO CENTURIES AGO the great Voltaire uttered a phrase which lovers of liberty the world over know by heart and have used when the occasion has demanded it. Here are his words: "I disapprove of what you say, but I will defend to the death your right to say it." It is appropriate to quote it today because it would appear that Mr. Truman finds the faith of the famous French philosopher an excellent vehicle to carry to the American public his reasons for not prohibiting Secretary of Commerce Wallace from using obviously controversial phraseology in his speech at Madison Square Garden in New York last Thursday. Although the President has varied the Voltaire dictum slightly, when he says he did not endorse his colleague's pronouncement, but rather defended his right to make it, he asserts his fundamental belief in complete freedom of speech—one of the Four Freedoms which the late President Roosevelt established as the cornerstones of American foreign policy.

What still remains a matter of speculation, however, is how Mr. Wallace's interpretation of his liberty of expression as it directly concerns national policy will be regarded by other members of the cabinet in Washington—and more especially by those eminent Republicans who have assisted in the development of a non-partisan attitude toward world affairs. A tower of strength to the United States delegation at San Francisco and at the moment in Paris, Senator Arthur Vandenberg, for instance, reacted promptly to the Wallace pronouncement in this pungent comment: "We can only co-operate with one Secretary of State at a time." Though the Michigan statesman introduced no acid into his observation, its import is unmistakable.

Regardless of the controversy which has arisen during the week-end, and despite the full exercise of Mr. Wallace's freedom, the President's categorical announcement that American foreign policy will undergo no change in consequence is being welcomed in London and elsewhere. Taken at its face value, therefore, the prospect of appeasement from the United States, whether toward Russia or any other power which may set its diplomatic sails to try to catch the political breezes of this Congressional election period, is definitely remote. And the fact that Downing Street has not hesitated to support the Washington point of view may suggest that Prime Minister Attlee could well assume the role in 1946 which Mr. Churchill, as a private member of the House of Commons, assumed between 1936 and 1939.

The former Prime Minister of Britain did his best in his syndicated articles and by his utterances in and out of Parliament to warn the world against the German menace; but the Chamberlain government was not impressed. Churchill was dubbed a warmonger—just as sections of the press and public so classified Mr. Roosevelt while Britain stood alone. Hitler regarded each concession to his pressure as a gradual weakening of what Mussolini once called the "effete democracies." All this, of course, is so much water over the dam; but it is also part of the bitter lesson of more recent history. And the political leaders of the United States, Great Britain, and the other democracies, know perfectly well that the people who suffer most through wars and have to pay for them want no repetition of what went on between September, 1939, and the summer of last year. Appeasement of any new would-be world conqueror must be no "instrument of national policy."

TEACHER PREPARATION

UNTIL GOVERNMENT POLICY IS framed on the basis of reports now in hand and contemplated in the future, alterations in the system of teacher training in this province must continue to be a matter of speculation. The issue, however, will not remain one of limited interest. Changing conditions and a wider concern for the preparation of those entrusted with the academic education of British Columbia's children and young people of necessity will entail a revision of existing standards. Pressures come from several sources. The teachers themselves, seeking higher professional recognition, can scarcely be expected to be satisfied with the present arrangements for admission into their calling. A public, to which higher education is being extended in increasing volume, will be inclined to develop more critical faculties. And administrative authorities have continually before them the difficulties of providing desirable staffs to meet the increasing demands of growing school districts.

Nothing in the foregoing is intended to suggest the teaching profession in this province is below par. As we have noted before, it has been British Columbia's good fortune—a condition emphasized in Greater Victoria—to find so many capable people in a vocation for which the rewards are not as great as those offered in many other fields. The fact remains, however, that evolution-

ary processes in themselves must demand a continually rising standard. The question naturally arises as to whether or not the existing machinery for producing teachers is adequate.

The problem, of course, is not local to this province. The New York Times of recent date, for instance, devotes space to the submission of a group of southern U.S. schoolmen who have called upon the Louisiana Education Foundation for "critical action on the entire problem of teacher recruitment, selection, training and promotion." The group holds that the teacher colleges are "over-feminized" and says it participates as a voice "in the swelling chorus of protest against certification requirements which demand an increasing amount of teacher college credit in so-called 'professional education.'" The spokesman for the critics adds this cogent sentence to his thesis:

"Low salaries are no doubt the reason that many young people, especially men, refuse to consider teaching when preparing for a life work, but another reason may well be the unwillingness of young people to sacrifice a general education as provided in an arts and science college for the thin gruel the over-feminized teacher colleges have to offer."

To which another critic adds the description of the teaching curriculum as "a quick dipping into a widespread variety of courses, resulting in a veneer which gives a surface appearance of education." Prospective elementary school teachers in some Louisiana teacher colleges, it is pointed out, received but 12 hours of English and only six hours in mathematics as compared with 41 hours of "education."

The conditions cited here refer to the State of Louisiana. The application to the situation in British Columbia may be remote. Yet the subject of complaint should be worthy of study. At all events, it would seem logical to ensure to those who are to be entrusted with the vital care of a community's youth the essentials of a liberal education. This province has no inclination to invite the censure bestowed by some on Louisiana's system that "the teacher college . . . has kept more good teachers out of teaching than it has produced. May it be that the teacher-college craze for professional trappings with an esoteric nomenclature is destroying an art?"

MOVEMENT OF PURPOSE

MANY COLUMNS HAVE BEEN WRIT- ten in praise of the character-building potentialities of the Boy Scout movement—praise which has been justly deserved by the record of those who have participated in its beneficial training. Nor does it seem that too much emphasis can be placed at this time on the development of those traits of self-discipline, willingness to serve, and wholesome regard for the ethics of citizenship which the ideals of Scouting represent. The need for these virtues is illustrated in both juvenile and adult alike as the world creeps uncertainly along the transitional road toward peace and security. An appreciation of that point will spur renewed support for the Boy Scouts among parents who wish to see their sons gain the advantages which membership affords.

Of particular moment in the encouragement of this trend will be the visit of Lord Rowallan, M.C., T.D., Chief Scout, whose presence in Victoria for the rally on Sept. 28 will be an occasion for wide publicity on the activities and objectives of the movement here. The distinguished successor to Lord Baden-Powell and Lord Somers has enjoyed a career which will commend itself to the public generally as one highly suitable for the exacting duties he assumed slightly more than one year ago as head of the Scout organization. Notable service in two world wars has brought him honors from his country and wide recognition for leadership.

Not the least important of Lord Rowallan's successes has been his command of a Young Soldiers Battalion in which his ability to mold highly independent and frequently intractable boys into a cohesive unit has demonstrated his practical understanding of Scouting methods. That achievement supplies an indication of the possibilities in the movement, not only to bring fuller development to youths of stable disposition, but to concentrate on the worthwhile elements in all boys and facilitate their progress along lines that are socially acceptable.

Not only members of his own organization, but the community as a whole will welcome the visit of this outstanding personality who is now traveling extensively to help "build up this great game of Scouting into something bigger and better than it has ever been before."

CONSTRUCTION FOR PEACE

THE BUSINESS OF THE ECONOMIC and Social Council of the United Nations, as President Truman has said, is "to mobilize the constructive forces of mankind for the victories of peace." The accomplishments of the council in the last six months have largely consisted in laying the foundations for construction. They have not been spectacular and, therefore, have not attracted the attention they deserve. But they have made great progress behind the more dramatic facade of the Security Council and the Paris Peace Conference in establishing the United Nations on the solid rock of mutual understanding and unity of effort. Mobilization of the Commission for Human Rights; of the Economic and Employment Commission; of a Temporary Social Commission; of a Statistical Commission; of a Temporary Transport and Communications Commission and of the International Refugee Organization to take the place of the United Nations Relief and Rehabilitation Administration (UNRRA), have all been effected. These commissions are on the job all the time. Decisions are made by simple majorities; and there is no veto.

London Cavalcade

By BETH TOMALIN

FAMILY ALLOWANCES are now added to the commodities to be queued for in Britain. The first day 2,000,000 mothers drew pay for fulfilling their birthright. It cannot be said to be first-class pay—the rate is five shillings a week for each child after the first one—but it will help.

One sad thing about this really great day was that the champion of family endowment, Miss Eleanor Rathbone, did not live to see it. She died early this year after being an Independent Member of Parliament for the Combined Universities, since 1929. She wrote "The Disinherited Family" in 1924 and it became a classic for those people all over the world who were working for the same object.

ONE ANOMALY has emerged—and Miss Rathbone would not have let it pass unnoticed. The amount of allowance due is cut from the sum given to families living on relief. It is the old means test again. This has happened because the new National Insurance Act, which will look after dependent families and which has now received the Royal Assent, will not come into operation until 1948.

With it, there will be allowances for a wife and children, including the first one, by right of contributory insurance. But at present an unemployed man, when he has exhausted his benefits, moves onto the Public Assistance Board where the financial help given him is fixed according to his alternative sources of means. Family allowances are now one of these.

It is likely that this matter will receive so much attention between now and October when Parliament reassembles that something will have to be done about it. For a not inconsiderable number of people it represents a total defeat of the principle of family allowances, which is the prevention of financial hardship through the bearing of children.

THE RECEPTION COMMITTEE for Young People of Occupied Countries has brought 10,700 children to Britain from Holland, France and Czechoslovakia since February, 1945. The object of the 14-week holiday given to the children is the restoration of their health after the deprivations of war. They spend six weeks in camps and eight in specially selected homes to which they go when they are certified as medically fit. They are entirely outfitted with new clothing and the whole scheme is subsidized by voluntary contributions from all over the world.

The Reception Committee was born in 1942 out of the wartime frustration of the World Friendship Association. This association, originally known as World Friendship Tours, was formed in 1937 at the instigation of Mr. Jo Niemann of Amsterdam. By means of moderate membership fees it arranged exchange of holidays, pen-friendships, exchange lectures and related friendly activities between nine countries. Surplus money was used to assist people who could not afford to travel. By September, 1939, thousands of boys and girls as well as adults had exchanged holidays between Britain and the Continent. The outbreak of war put a stop to all this so the association formed the Reception Committee, had it registered as a war charity and began to raise the funds which are now called the Children's Hospitality Fund.

IT COSTS BETWEEN \$20,000 and \$25,000 to provide transportation, reclothing and accommodation for 200 children.

So far this work has been restricted to children from Holland, France and Czechoslovakia. Urgent requests have been received from the Austrian and Polish governments to incorporate large parties of starving children from those two countries in future hospitality here, but lack of funds does not permit.

Now that travel facilities are easing the larger association has begun its work again. By the end of this summer 8,000 young Britons and 8,000 young continentals will have exchanged holidays of a fortnight each.

Isn't this something in which, ultimately, Canada could join? The association has some of the same aims as Unesco, and no doubt it will be useful to that international organization.

Good Table Manners

From the Ottawa Journal

THE EDITOR of the Peterborough Examiner, a most erudite person, judging from what we read on his page, remarks that Emily Post's rules for table manners are often a lot of hooey, holding that table manners are just ordinary good manners, and nothing more. We agree with him. A man or woman with good manners is simply a man or woman who doesn't wish to give offence to his or her neighbor, who is sensitive to the feelings of others, and that sort of person doesn't depend on artificial rules, whether at table or away from it, in order to be considerate. Moreover, a cruel, thoughtless word spoken at table is a far worse offence than use of the wrong fork—more revealing of character.

We have seen people at dinner tables who were obviously foolish in pitiful regard for what they thought were table rules. They reminded us of a story of Carlyle. When that great man once took a bite of potato, found it too hot and spat it back on his plate, he remarked to a shocked Duchess at his right: "A fool would have swallowed that."

Nobody is perfect. If the other fellow isn't shamed by his sins, it is only because he lacks the moral courage to think about them.

Letters To The Editor

SAANICH WATER

I am writing this, on behalf of Brentwood, as I have an interest there. I understand Saanich is wanting to purchase the Elk Lake supply pipe running to Pat Bay. There are some wells at Brentwood not up to the mark and some of very superior quality by government test and now that people are sinking artesian wells at a very modest cost and getting quantities of pure crystal water shall we be compelled to discard these wells for an inferior water?

When passing Elk Lake one Sunday two weeks back I counted 37 people bathing. There may have been 200 at Beaver Lake adjoining. Personally I object to drinking water after people have taken a bath in it. There are possibly 50 houses on its banks with outside offices which may overflow during wet seasons.

Elk Lake and Beaver Lake water was not considered good enough 35 years ago for Victoria when the Sooke supply was engineered. I understand Sooke water is available at a distance of 8 miles and Elk Lake at 4 miles. Which would be the best to obtain as to quality and expense? I understand the Pat Bay pipe line is priced at \$100,000 with a yearly tax of \$1,000.

Personally, I prefer to sink an artesian well, even if it costs \$200, and finish the supply and expense once and for all. There seems to have been no publicity on the subject giving full details. Every person interested should have been given full particulars. The property owners will have to foot the bill anyway.

AIR TRANSPORT BOARD

IN THE MATTER OF THE REVIEW OF THE FOLLOWING SCHEDULED COMMERCIAL AIR SERVICES LICENCES

CTC (AT) 60—CANADIAN AIRWAYS LIMITED—Fort St. James, Finchi Lake, Munson Creek, Germansen Lake, Germansen Landing, Talsi Landing, Ulika Lake, Alken Lake, Bear Lake, Prince George, in the Province of British Columbia.

CTC (AT) 80—CANADIAN PACIFIC AIR LINES—Vancouver, Victoria, in the Province of British Columbia.

CTC (AT) 85—CANADIAN PACIFIC AIR LINES—Cape Roberts, Chumby Bay, Esperanza, McBride Bay (Port Talsi), Nanaimo, Nootka, Port Alberni, Tofino, Uclulet, Vancouver, Seattle, in the Province of British Columbia.

CTC (AT) 85—CANADIAN PACIFIC AIR LINES—Alert Bay, Campbell River, Coal Harbour, Englewood, Port Allen, Port Hardy, Port McNeill, Powell River, Qualicum, Rock Bay, Saanichton, Vancouver, in the Province of British Columbia.

CTC (AT) 85—YUKON PACIFIC AIR LINES—Flin Flay, Fort Graham, Fort Ware, Lower Post, McLeod Lake, Prince George, in the Province of British Columbia; Watson Lake, in the Yukon Territory.

CTC (AT) 67—YUKON SOUTHERN AIR TRANSPORT—Vancouver, Williams Lake, Prince George, Fort St. John, Fort Nelson and Lower Post, in the Province of British Columbia; Teslin and Whitehorse, in the Yukon Territory.

CTC (AT) 69—YUKON SOUTHERN AIR TRANSPORT—Prince George, Fort St. James, Manson Creek, Germansen Landing, Talsi Landing, Ulika Lake, Bear Lake, Alken Lake, McConnell Creek, Thabade Lake, and Two Brothers Lake, in the Province of British Columbia.

CTC (AT) 71—YUKON SOUTHERN AIR TRANSPORT—Fort St. John, Red Fern Lake, Blue Lake, Tumbull Lake, Fort Nelson and Nelson Forks, in the Province of British Columbia; Lard, South Nahanni and Simpson, in the Northwest Territories.

CTC (AT) 73—YUKON SOUTHERN AIR TRANSPORT—Whitehorse, Mayo, Carmacks, Selkirk, Dawson, in the Yukon Territory.

CTC (AT) 41—NORTHERN AIRWAYS LIMITED—Atlin, in the Province of British Columbia; Carcross, in the Yukon Territory.

CTC (AT) 43—NORTHERN AIRWAYS LIMITED—Atlin, Telegraph Creek, in the Province of British Columbia.

Pursuant to the provisions of Section 13 of the Aeronautics Act, the Air Transport Board has set Tuesday, October 15, 1946, at 10.00 a.m., for the taking of evidence and hearing representations in regard to the review of the above licences at a public hearing in Salon B, Vancouver Hotel, Vancouver, B.C.

The above licences were issued prior to the establishment of the Air Transport Board and will cease to be valid, unless previously cancelled or suspended by the Board, one year after the termination, as fixed by Order-in-Council, of the War in Europe, which commenced September 10, 1939. It is pointed out that either in conjunction with or apart from the review of the said licences, the Board may approve (subject to compliance with its normal procedure) new licences in regard to routes covered by any of the said licences which may be cancelled or for the purpose of authorizing new routes either in addition to or in substitution thereof. Any such new licences may be issued either to the present licensee or to any duly qualified air carrier.

The Board's decision regarding each of the above licences will be based upon the public interest and the question as to whether or not the service is and will be required by the present and future public convenience and necessity. The Board will welcome evidence, or representations, which will assist it in reaching a decision regarding any of the said licences. Any person desiring to make representations concerning any of the said licences must file a complete submission with the Secretary, Air Transport Board, No. 3 Temporary Building, Ottawa, Canada, by September 24, 1946, and a copy concurrently addressed to Northern Airways Limited, Carcross, Yukon Territory, Canada, in regard to the licences held by that company—and to any of the other licences concerned addressed to Canadian Pacific Air Lines Limited at Room 620, Dominion Square Building, Montreal, P.Q.

At the hearing the Board will receive evidence, or submissions, from and on behalf of the licensee, from such persons as may have filed submissions pursuant hereto and from such other persons as may be authorized by the Board to intervene. When a licensee, or other person entitled to be heard, intends to file written memoranda or data by way of exhibits, he should, in all cases where it would appear to facilitate the expeditious conduct of the proceedings, prepare five additional copies to be placed at the disposal of the Board.

AIR TRANSPORT BOARD.
C. S. BOOTH, Secretary.

Ottawa, September 5, 1946.

Island artists exhibition now being held at the Little Centre, 965 Yates Street, has been so great and popular support and enthusiasm so marked, that it has been decided to extend the show for another week.

The exhibition will remain on view every week-day from 11 a.m. to 5 p.m. (Monday excepted) until Sunday, Sept. 22. Open 2 to 5 p.m.

For the benefit of those who are unable to visit the Centre in the day time, the Centre will be open on Wednesday and Friday evenings from 7.30 to 9.30 and tea or coffee will be served to visitors by members of the entertainment committee.

May I take this opportunity, through the courtesy of your columns to bring this show to the attention not only of your regular readers, but to all who are visiting Victoria and the surrounding country at this time.

This show has, I feel, surpassed all expectations; not only have 200 or more pictures been sent in, but the high average quality of the work has been favorably commented on—not least by our American visitors.

MARK KEARLEY, Chairman.

Art Exhibition Extended Week, Proves Popular

The exhibition of Vancouver Island artists, now being held at the Little Centre, 965 Yates Street, has proved so popular that it is being continued for another week.

"This exhibition," said Hon. Mark Kearley, chairman of the Little Centre, definitely marks a turning point, not only in the life of the Centre, but in the annals of the world of art on Vancouver Island. This show has definitely proved that people do take an interest in the arts. Over 700 people have visited this display in 10 days, and now, with a week to run, we hope to top the 1,000 mark.

The chairman went on to say that the quality of the work was of a very high average, and had been favorably commented on by American visitors. Plans were now being laid for increased activities in the winter months, and the installation of a high-quality amplifier for the giving of gramophone record concerts was being considered.

"We should like," Mr. Kearley said, "to give people the opportunity of getting to know the music of different periods and different lands. Early English and French music is very beautiful, and is far too little known; so for that matter are the folk songs of Canada, of which there are hundreds, but we shall have to find out whether these songs are available on records at the present time."

The Little Centre has without doubt established itself as an institution in Victoria. Such an undertaking, which is designed primarily to serve the community, artistically and culturally, should be able to look hopefully to the future, said Mr. Kearley. It could indeed become—with assistance from the proper quarter—a valuable adjunct to our educational system, for true education is or should be, something more than the learning of a school curriculum, he said.

Postpone Meeting On Elk Lake Water

The Elk Lake water board for rural Saanich will meet the Saanich Council soon, on a date to be announced, to discuss matters pertaining to the taking over of the R.C.A.F. water supply system at the lake.

Sydney Pickles, chairman of the seven-man rural water board, said today a meeting with the council scheduled for tonight has been postponed because of the absence of one of the council's water committee, Councillor W. C. Kersey, who is out of town. Other members of the municipal committee are Councillors J. W. Casey and John Oliver.

C.C.F. In B.C. Backs Alberta Farm Strike

The C.C.F. welcomes the Alberta farmers' strike and endorses the demand of the farmers for a federal commission on farm prices, the provincial executive committee of the C.C.F. stated Saturday in Vancouver. "The strike serves notice that the farmer will not submit to a return to depression conditions

80th Anniversary Of St. Andrew's Observed Here

Communion service and special music marked the opening Sunday of the celebrations commemorating the 80th anniversary of St. Andrew's Presbyterian Church, which was founded Sept. 5, 1866.

A large congregation attended the morning service, conducted by Rev. J. Lewis W. McLean, M.A. The preacher stressed the faith and foresight of the early pioneers of the church.

Dr. John M. Ewing will be guest speaker at a congregational meeting to be held Wednesday evening. City officials, members of the Ministerial Association, as well as representatives of other organizations, will attend.

The celebration will conclude next Sunday with Rev. William Buckingham as guest speaker.

FOUNDED IN 1866

The church was founded by a group of Presbyterians who organized a Presbyterian congregation under the auspices of the Church of Scotland. Five days later, the congregation was given the name of Scotland's patron saint.

The first minister was the Rev. Thomas Somerville, M.A., D.D., and the first Kirk Session was elected in July, 1869.

In those early days the congregation worshipped in a hall on Broughton Street, which was later used as a Sunday school and other congregational services. But the building was eventually sold in 1905.

In the year 1869, the congregation, assisted financially by the Church of Scotland, erected an edifice on a lot on the northeast corner of Gordon and Courtney Streets. On Aug. 28, the cornerstone was laid and on April 4, 1869, the building was opened and dedicated.

Construction of the present church on Douglas was begun in 1888 and it was formally opened Jan. 11, 1890. The building cost \$60,000. Despite economic depression and many hardships, the congregation finally paid for the edifice in 1906.

Ministers who have served at St. Andrew's Church are: Rev. Thomas Somerville, M.A., D.D., 1866-1870; Rev. Simon McGregor, M.A., 1870-1881; Rev. Robert Stephen, M.A., 1881-1887; Rev. P. McFarlane McLeod, 1888-1893; Rev. W. Leslie Clay, B.A., D.D., 1894-1928; Rev. H. P. S. Luttrell, B.A., 1928-1937; Rev. J. Lewis W. McLean, M.A., from 1938.

Improvements will be made to the present church, according to Rev. Mr. McLean. These will include the installation of modern heating system and also the rebuilding of the pipe organ.

The present minister has been elected Moderator of the Synod for British Columbia for the present year.

St. Roch Due Home

Heading out of the Arctic before the ice pack closes in again, R.C.M.P. patrol ship St. Roch will soon be home.

Inspector Henry A. Larsen, skipper of the St. Roch, writes his wife at 1566 Hampshire Road, that he was at Point Barrow two weeks ago and hoped to reach home the latter part of September or early in October.

The sturdy little ship was gripped in the ice at Cambridge Bay through the long Arctic winter and again has successfully negotiated the northwest passage en route here.

The St. Roch will proceed first to Vancouver and will then come here to refit and lay up for the winter.

Dale Carnegie Course To Be Given In City

Dale Carnegie, author of the best seller "How to Win Friends and Influence People" and head of the Dale Carnegie Institute, is sending his personal representative to Victoria next month to organize a course in "Effective Speaking, Human Relations, Leadership Training, and Basic Salesmanship."

"The Dale Carnegie Course is not a course in public speaking in the usual sense of the term, but it does teach a person to think on his feet, enables him to speak with more courage, more poise, more polish and personal force, in conversation, business

interviews and before groups," says Frank Paulding, Vancouver Island representative of the institute. "Also, it will train him in the art of human relations, and increase his ability to win friends and influence people. It is the best and most effective training available in the art of persuasion and applied psychology and leadership."

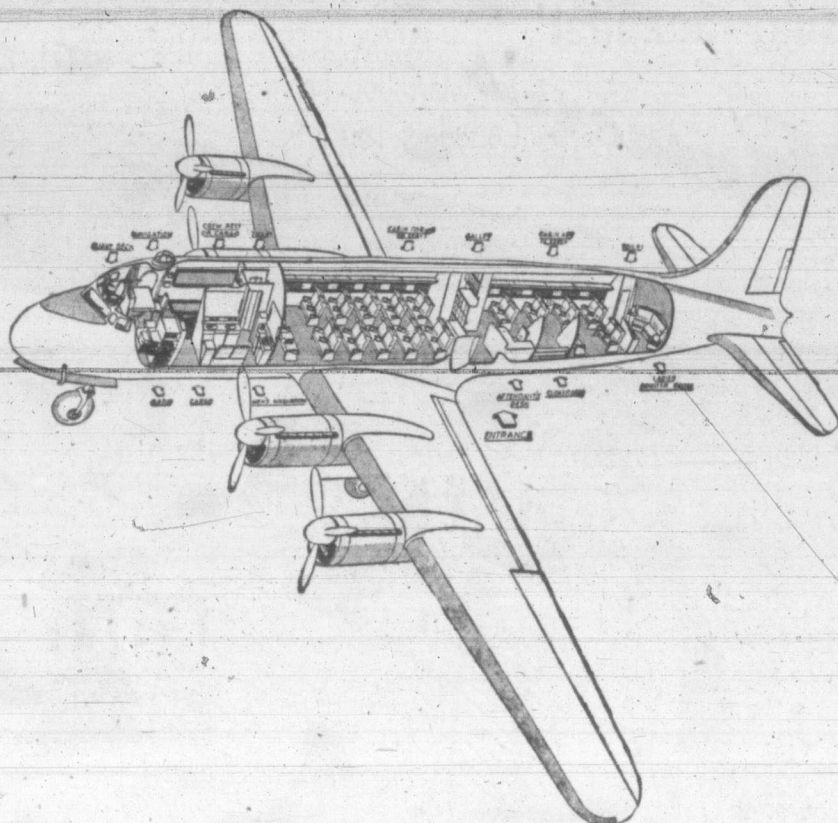

An explanatory demonstration meeting, to which the public is invited, will be held in the Empress Hotel Thursday, Oct. 10, at 8. Percy Whiting, vice-president of the Dale Carnegie Institute, New York, will be chief speaker, assisted by the class instructor, W. C. Angus of Winnipeg. A novel and interesting program will be staged.

Further particulars and admission cards may be obtained from Frank Paulding, Y.M.C.A.

"You guys circle the field, if you have to. I want some Fort Garry Coffee—NOW!"

T.C.A. 40-Passenger Planes For Victoria

This engineer's drawing shows the interior of the new planes Trans-Canada Air Lines will use on its transcontinental, international and trans-Atlantic routes.

The North Star, prototype of the four-engine 40-passenger plane, was launched in July and made its first flight across Canada, from Montreal to Vancouver, last Saturday, carrying as passengers Rt. Hon. C. D. Howe, Minister of Reconstruction, and H. J. Symington, president of T.C.A.

The drawing shows the arrangement of the new type reclining passenger chairs, the compact galley for the service of hot meals, the attendant's desk near the entrance, the flight deck, the radio and navigation rooms, equipped with Loran and other recent electronic devices, as well as the women's powder room and men's washroom, furnished with hot and cold water and all the accessories of comfortable travel. The aircraft is a combination of Trans-Canada and Douglas design with a British-built Rolls-Royce power plant.

These planes will fly out of Victoria three times a day to Toronto, Ottawa and Montreal.

Lack Of Materials, No Lack Of Plans For School Building

More planning for school buildings has been done than is generally realized, Education Minister Dr. G. M. Weir said Saturday in reply to a resolution of the Amalgamated Building and Construction Workers of Canada (C.B.C.) in Vancouver.

The resolution criticized what it called "the lack of planning and shortsighted policy of the Minister of Education."

"The erection of buildings is dependent on the supply of materials and skilled labor," Dr. Weir said. "Practically every city and municipal school district in British Columbia has building plans that are necessarily postponed on account of lack of material and owing to the high cost of building."

Want Bridges Here To Be Inspected

Inspection of the Johnson Street and Point Ellice bridges by J. R. Grant, consulting engineer, will be recommended to Thursday's City Council by the public works committee, according to Ald. J. D. Hunter, chairman.

Previous inspections of the Point Ellice Bridge were made by Mr. Grant in 1914 and 1918. At the suggestion of Police Chief J. A. McLellan, the committee will recommend that the present bus loading zone on the north side of Pandora, adjacent to Douglas Street, be moved to extend easterly from the B.C. Electric bus depot a distance.

Other recommendations include extension by 25 feet of the present loading zone in front of C.P.A. office; granting David Spencer Ltd. permission to construct a conduit under View Street from the Arcade Building to the Union Building to carry a steam pipe for heating the latter building; construction of a gravel sidewalk on the north side of Edgeware Road from Gosworth Road to Cedar Hill Road, costing \$500, and improvements to the road and sidewalk on Montreal Street, adjacent to the plant of Felt and Textiles of Canada Ltd.

No Barrier Found For War Veterans Studying Barbering

War veterans learning to be barbers under the Canadian Vocational Training administration in British Columbia are generally being allowed to start work, under supervision of qualified barbers, even if they fail in their first attempts to pass the stiff practical and theoretical examinations, an official of the administration said today.

Concerning reports that experienced war veteran barbers from other provinces had been unable to pass the examinations set by barbers' union here, he said that the 10 war veterans now studying barbering in the Market Building all were new to the business, and that while one or two might fail to pass the examinations at the first attempt, he believed they would be permitted to go to work while making further attempts.

ABOUT
JOHNS-MANVILLE

HARDER TO GET THAN NYLONS?

Recently a man building his own home told us he firmly believed Nylons were easier to buy than building materials. Here at Johns-Manville, we know little about Nylons, but we do know our factory is working at top speed — producing building materials at an unprecedented rate. Yet still we are a long way from meeting the demand for Johns-Manville products.

If you are one of the many held up for building materials at the present time, here's a helpful tip. Keep in touch with your J-M dealer. You can rest assured he is doing everything possible to supply you. And remember, in the long run it pays to wait for quality.

In the meantime your nearest J-M dealer will be glad to help you with your planning—and will supply you with free illustrated folders. Why not phone him today? Asbestos Building Materials Ltd., 707 Johnson St., G 7314.

Ss. Queen Mary On Way

HALIFAX (CP) — The Ss. Queen Mary is scheduled to dock here sometime next Wednesday with almost 1,500 dependents and a small number of military personnel as well as civilian passengers. Among them are Agriculture Minister Gardiner, who has been attending the United Nations' Food and Agriculture Organization Conference in Copenhagen, and Finance Minister Isley, returning after a five-week visit to Europe.

has been that sometimes the students fall on first and second attempts, but succeed on the third attempt," he said.

He added that the barbers' union was "throwing up absolutely no barriers" to war veterans entering the business.

Since the veterans would be able to work while trying again to pass the examinations, they were in no danger of losing the advantage of the war service benefits they invested in the training course, he maintained.

The student barbers now in training will write their theory examinations Sept. 17.

Food Distribution In China Called 'One Huge Scandal'

Distribution of Unrra-Chinra food supplies in China is described as "one huge scandal" in a letter written by Mrs. Mark King, who has spent all her life in the Orient and who was interned in a Japanese prison camp at Shanghai during the war.

The writer has frequently visited her parents, Mr. and Mrs. F. G. Browne of Victoria, who have also spent many years of their lives in China.

Mrs. King blames the Chinese government and the indifferent ruling class for the plight of millions of Chinese who, she says, are starving in the interior.

"While China's millions continue to starve in the interior, any amount of Unrra supplies are procurable on the black market," she writes. "And huge fortunes are being made overnight on relief products."

She goes on to say, "there is nothing one cannot obtain here—from the whitest of bread to the tenderest of steaks and choicest of roasts, and in unlimited quantities—provided one has the money to pay for these items."

"WALLOWING IN GOLD"

She adds: "Money seems to be one thing that Chinese officials have an unlimited supply of as they are just wallowing in gold, going around in luxurious limousines, and living on the fat of the land."

\$225,000,000 From Canada's Tourists

By Canadian Press

Every time those unfamiliar licenses caught your eye this summer you were looking at a small part of Canada's biggest "sure thing" business—tourists.

All those highway-happy dads and window-shopping moms and wide-eyed youngsters added up to an estimated \$225,000,000 for busy Canadian cash registers.

Leo Dolan, chief of the Canadian Travel Bureau in Ottawa, says that sum—and the estimated 14,500,000 visitors who spent it—put 1946 on record as the biggest tourist year yet. The previous all-time high was in 1939, when the tourist "take" was \$166,000,000.

The return of the Canadian dollar to parity with the U.S. dollar last July 5 had "little if any" effect on the tourist trade, Mr. Dolan added.

While the peak has been passed, many tourists are planning trips to Canada during the fall, and Mr. Dolan said the total may be 20,000,000 when final figures are compiled.

Longshoremen Get 15-Cent Pay Boost

Effective today, new wage rates approved by the National War Labor Board give 750 Vancouver longshoremen an increase from \$1.10 an hour to \$1.25 for straight time and from \$1.65 to \$1.88 an hour for overtime.

The 15-cent wage increase, granted on the joint application of the Shipping Federation of British Columbia and the Inter-

national Longshoremen's and Warehousemen's Union (C.I.O.), is believed to be the first above 10 cents approved by the National War Labor Board since Prices Board chairman Gordon recommended a 10-cent limit.

Awards of 15-cent increases to 32,000 woodworkers, 1,200 steelworkers and 1,200 small boatyard workers, and of 13 to 18 cents to 3,000 building trades workers by the Regional War Labor Board await review by the National Board.

HOW TO RELIEVE PILE TORTURE QUICKLY AND EASILY

If you are troubled with itching piles or rectal soreness, do not delay treatment and run the risk of letting this condition become chronic. Any itching or soreness or painful passage of stool is nature's warning and proper treatment should be secured at once.

For this purpose get a package of Hem-Rol from any drugstore and use as directed. This formula which is used internally to a small, easy to take tablet, will quickly relieve the itching and soreness and aid in healing the sore tender spots. Hem-Rol is pleasant to use, is highly recommended and it secures the benefit of fully for any one to risk a painful and chronic pile condition when such a fine remedy may be had at such a small cost.

If you get Hem-Rol and are not completely pleased with the results, your druggist will gladly return your money.

Answers to your questions about CATARRH

BRONCHITIS, CATARRHAL AND BRONCHIAL COLDS ALSO SINUS AND ANTRUM TROUBLES

THE CAUSES OF CATARRH

Catarrh, Sinusitis, chronic Bronchitis—the name varies according to the parts most affected—are due to bacterial infection of the mucous membranes, the lining of the respiratory tract, or air passages of the head and chest.

An inflammation results which causes the tissues to be irritable and tremendously increases the secretion of the normal membrane.

This condition may persist year after year with all its distressing symptoms—sniffling, coughing, spitting, choking, with splitting headaches and frightening head noises.

SIMPLE RULES OF HEALTH

To cure a condition of this kind requires every effort—Improved home and working conditions to ensure clean air and adequate sunshine :: Proper rest :: Attention to diet :: Avoidance of congestion, and removal of any focal infection such as diseased teeth or tonsils.

WHAT IS LANTIGEN?

Lantigen is a dissolved Vaccine containing such dissolved Micro-organisms which are peculiar to the particular disease requiring treatment. It contains no live germs. They are all destroyed by dissolving thus releasing the antigens contained therein—the natural antidote.

Lantigen works two ways; firstly, by absorbing into open tissue such as the tongue, throat, and intestinal tracts; secondly, it is operative by means of its distribution through the alimentary-stomach-system.

LANTIGEN—A DISSOLVED VACCINE TO BE TAKEN BY MOUTH

To raise the defense of the body against this bacterial infection, LANTIGEN has prepared a special oral vaccine made from the organisms which cause the condition. Taken as directed the dissolved antigens cause an increase in the formation of antibodies to appear in the bloodstream. This is the greatest defense in the body against infection. The designation of this member of the series is LANTIGEN 'B'.

Intermediate Groups Hold Social Meeting

Mrs. J. O. Cameron and Mrs. R. D. McCaw, convener of the group, entertained members of the intermediate group of the Musical Art Society Saturday at the home of Mrs. Cameron, 1262 Rockland Avenue. After a buffet supper the young people participated in an impromptu musical program.

Miss Rita Nevard, who will leave shortly for the east to continue her musical studies, was the recipient of a compact, the gift of the intermediate group of which Miss Pamela Terry is president.

Mrs. Jack Smith, who convenes with Mrs. McCaw, was unable to be present.

Announcement of the forthcoming concert to be given by Randolph Hokanson on Oct. 2, was made.

Popular Couple Married Here

Mr. and Mrs. James Aldous Doran, who were married in Victoria recently. Mrs. Doran is the daughter of Thomas Scott, "Scotstoun," North Quadra Street, and Mr. Doran is the only son of Mr. and Mrs. J. C. Doran, James Island.

Personals

Mrs. Howard Menkin of Vancouver is visiting in Victoria. She is staying at the Sussex Hotel.

Mr. and Mrs. V. L. Leigh returned to their Beach Drive home on Sunday after a week spent at Alberni.

Mrs. O. H. Cogswell of Ottawa, who has been visiting friends in the city will leave for her home in the east on Tuesday.

Mr. and Mrs. E. H. Wilson, 3620 Cadboro Bay Road, have returned from a holiday at Banff and Waterton Lakes Park, Alta.

Mr. Robert Ross, Iona Drive, Mt. Toimie, entertained a party of 10 at the Empress Hotel, Saturday night, on the occasion of his birthday.

Dr. and Mrs. C. B. Mess, Clovelly Terrace, returned Saturday from a motor trip through the States of Oregon and Washington.

Out-of-town guests at the Balfour-Kerley wedding Saturday evening were Mrs. M. J. Rhodes, Port Angeles; Miss A. Shields, Vancouver, and Miss Evelyn Crump, Portland.

Miss Margaret Hodson, 403 Linden Avenue, and Miss Sue Townshend of Patricia Bay, leave for Vancouver Tuesday, to continue their second year in Arts at the University of British Columbia.

Mrs. Ruby Stevenson of Los Angeles is the guest of her brother-in-law and sister, Mr. and Mrs. A. T. Hunkin, Trutch Street. She will be in the city for a week, going on later to visit friends at Port Alberni.

Mrs. H. B. Watson and Miss Margaret Watson entertained Sunday afternoon at their home, 311 Foul Bay Road, in honor of Mrs. O. G. Powe, who arrived in Victoria from South Africa last week, and of Wing-Comdr. and Mrs. John Sutherland of Ottawa.

Vancouver friends attending the Lund-Gage wedding Saturday were Capt. and Mrs. J. E. F. Fookes, Capt. and Mrs. G. A. York, Mr. and Mrs. J. D. Vicary, Mrs. R. Harrison, Mrs. R. Whyte, Mr. and Mrs. D. Walters, Mr. and Mrs. E. G. Howell and Miss Elaine Howell.

Miss Minnie Beveridge, president of the Victoria Business and Professional Women's Club, entertained the executive of the club Sunday afternoon at her Elk Lake home, "Beveridge Ridge." Among the guests were Miss Lilian McMillan of Vancouver, provincial president of Canadian Federation, and her sister, Miss Marian McMillan of Honolulu.

Miss Marie Murphy, bride-elect of this month was principal at a shower recently given jointly by Mrs. E. Gandy and Mrs. John Maltman at the home of the latter on Monterey Avenue. Miss Murphy was presented with a table lamp and corsage bouquet of pink roses and carnations. Guests were Mesdames N. Robinson, H. Corbett, B. Butler, M. Grant, T. Wachter, R. Kersey, N. Wharf, I. Moore, J. Hutchinson, G. Webb and Misses Jean Fontana, Margaret Grant and Finola Collins.

In honor of Miss Betty Johnston, whose marriage takes place this evening, Miss Cora Wharton entertained recently at her home, 345 Arnold Street, with a miscellaneous shower. The bride-elect was presented with a Colonial bouquet of white asters and pink carnations centred with a pink rose, to which "clues" for a treasure hunt were attached. Guests were Mesdames J. Johnston, C. F. Wharton, S. Gardiner, H. Kayll, R. E. Chambers and Misses Ellen Johnston, Aileen Mansfield, Marjorie Coates, Kathleen Nesbitt and Peggy Wharton.

Mrs. E. C. Tucker and Mrs. Jack Moraes were joint hostesses recently with a shower at the home of the former, 2554 Shelbourne Street, in honor of Miss Gertrude Adams, Pasadena, Calif., formerly of Victoria. The guests were Mesdames M. Cooper, J. Noble, T. Muckle, M. Porter, G. Fee, B. Geisser, M. Dobie, T. Ross, T. Neuham, E. Johnston, V. Thomson, W. T. Pearson, A. Browne, M. Cross, and Misses Bessie Paton, who accompanied Miss Adams from Pasadena, K. Muckle, J. Bowerman, S. Erb, R. Calderone, D. Carlson, E. Wildig, D. Wirtanen and Peggy Kennedy.

Plan Round Of Social Events For Convention Wives Here

An interesting group of visitors to Victoria during the next few days will be the wives of delegates to the 24th annual convention, Pacific Coast Building Officials' Conference, in the Empress Hotel.

Mrs. D. K. Kennedy of Victoria, wife of the immediate past president of the Pacific Coast group, will act as hostess to the wives while they are in the city, assisted by Mrs. John Baxter, wife of the mayor's secretary.

A coffee party is planned for Tuesday morning at 11:30 at The Priory, Pemberton Road. Tuesday evening the ladies will join the

men's group for a cocktail party at the Empress Hotel, followed by dinner. Wednesday, they will again join convention delegates for luncheon at the Empress, a drive over the Malahat and dinner at the Colwood Golf Club. A ladies' luncheon party will be held Thursday at The Ranch, near Mt. Douglas Park, and Friday morning the ladies will again gather for a farewell breakfast at the Empress Hotel.

Among those who will be here with their husbands are: Mrs. William Clubb, Eugene, Ore.; Mesdames Hal Colling, Rolland Cravens, Axel V. Pederson, W. A. Russell, C. J. McIver, and W. Scott, Los Angeles; Mrs. W. A. Curtis, Stockton, Calif.; Mrs. L. A. Ferris, Reno, Nev.; Mrs. A. H. Johnson, Maywood, Calif.; Mrs. J. H. Park, Compton, Calif.; Mrs. A. Russell, Redwood City; Mrs. J. V. Schwafel, Palo Alto; Mrs. J. D. Baer, Burbank; Mrs. W. M. Bostock and Mrs. W. G. Kirkland, Huntington Park, Calif.; Mrs. S. Hardy Burgess, Washington, D.C.; Mrs. A. L. Enger, Sacramento; Mrs. J. R. Cupitt, Oakland; Mrs. H. C. Hargreaves, Salt Lake City; Mrs. E. D. Herreras, Tucson, Ariz.; Mesdames J. A. Hill, A. C. Horner, J. I. McKeown, M. C. Poulsen, San Francisco; Mrs. S. Hobbs and Mrs. Glenn E. Watson, Arcadia, Calif.; Mrs. Grant E. Huey, Yakima, Wash.

Also from California will come Mrs. H. N. Johnson, North Hollywood; Mrs. C. J. Leftwich, Inglewood; Mrs. R. Lotz, San Jose; Mrs. E. Malmgreen, Alhambra; Mrs. C. P. Morgan, Long Beach; Mrs. R. Nyboe, Anaheim; Mrs. E. H. Rogers, Alameda; Mrs. M. Sinclair, Santa Cruz; Mrs. M. E. Sweeney, San Mateo; Mrs. L. H. Traeger, San Bruno; Mrs. H. G. Ufer, Beverly Hills; Mrs. K. Volmer, Colton; Mrs. G. I. Walters, Fullerton; and Mrs. Griffin Cassatt, San Marino.

From Chevy Chase, Md., will come Mrs. R. G. Kimbell; Mrs. G. E. Jacoby from Grants Pass, Ore.; Mrs. T. K. May, Portland; Mrs. C. H. Schrader, Seattle; Mrs. V. Watts, Evanston, Ill.; Mrs. B. J. Westover, Indianapolis; Mrs. N. S. Perkins, Tacoma, and Mrs. A. Haggart, Vancouver, B.C.

Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain often need a nerve and general tonic. Glycero-Lecithin with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal. If the loss of appetite was due to deficiency of Vitamin B (1) in the diet, \$1.00 at all Cunningham Drug Stores and other drug stores (O.C.-1.)

To Live In Vancouver

Mrs. Terence O'Grady, who left Sunday for Vancouver with Mr. O'Grady to make her home. Mr. O'Grady will continue his law course at University of British Columbia. Mrs. O'Grady is the daughter of Archdeacon A. E. de L. Nunns and Mrs. Nunns.

Jean Kerley Bride, Brother Officiates

Rev. H. W. Kerley performed the ceremony which united in marriage his sister, Miss Mildred Jean Kerley and Clifford Samuel Batstone, son of Mrs. E. V. Batstone, 1359 Vinling Street, Saturday evening. Gladioli in pastel shades decorated Belmont United Church for the occasion. During the signing of the register, Miss Grace Adams sang "O Perfect Love."

The daughter of Rev. and Mrs. H. H. Kerley, 1158 Pembroke Street, entered the church with her father. Her white bridal gown, featuring bodice of silk jersey with sweetheart neckline and double net skirt, was complemented with a strand of pearls, the gift of the groom. Her finger-tip veil was of silk net and she carried an arm bouquet of roses.

Twin sister of the bride, Mrs. Winnifred Warren, as matron of honor, wore a light blue gown of silk crepe with matching double silk net veil and carried an arm bouquet of roses and carnations.

Supporting the groom was Art Edmonds, Gordon Winter and Don Kerley, brother of the bride, were ushers.

The Y.W.C.A. was the scene of the reception following the ceremony, where mothers of the young couple assisted in receiving guests. The bride's table, decorated with chrysanthemums, asters and carnations, was centred with a three-tier cake. J. F. Byce proposed the bride's toast.

Mr. and Mrs. Batstone left for a honeymoon at Alta Lake. The

bride traveled in a light wool dress of chocolate brown, pale blue topcoat, navy accessories and corsage bouquets of carnations. On their return the young couple will make their home in Victoria.

Evelyn Gage Bride Of Wilfred Lund

Standard baskets of chrysanthemums in autumn shades decorated First United Church Saturday evening for the candlelit ceremony which united in marriage Evelyn Ann Gage, elder daughter of Mrs. S. A. Thompson, 1189 Yates Street, and the late Mr. Thompson, and Capt. Wilfred H. Lund, second son of Mrs. A. H. Lund, 1543 Elford Street, and the late Major Lund. Wedding music was played by J. Ingram Smith.

A gown of imported gossamer lace in turquoise blue, with matching ostrich plume as her headdress was chosen by the bride. She wore a double strand of pearls, the groom's gift, and her bouquet was composed of Queen Mary roses and gardenias. Her uncle, E. G. Howell, gave her in marriage.

Attending her sister, Miss June Thompson wore a bouffant gown of peach moire with coronet headdress of peach and mauve velvet flowers, the mauve theme being repeated in her colonial bouquet. A dainty picture in her taffeta gown of robin's egg blue, with matching ribbons in her hair, was little Marilyn Louise Van Horn, goddaughter of the bride. She carried a miniature colonial bouquet of yellow flowers.

The groom chose as best man his brother, Roy Lund. Ushering were John Lund and Gordon Walsh.

A reception followed at the Lund residence, where Mrs. Lund and Mrs. Thompson assisted in receiving the guests. Vases of pink rosebuds and lighter white tapers decorated the bride's table. The young couple cut the three-tiered wedding cake. Harry P. Hodges proposed the toast to the bride.

Mr. and Mrs. Lund left for a honeymoon motor trip to southern California, the bride changing to a brown suit of English wool, matching model hat, brown sable neckpiece and corsage bouquet of gardenias and swainsons.

The bridegroom, served six years overseas and was paymaster of the Royal Winnipeg Rifles.

On their return the young couple will reside in Victoria.

CAPITOL PHONE G 6811

MAUREEN O'HARA is the centre of both the musical and romantic attentions of Dick Haymes and Harry James in "Do You Love Me," the gay new 20th Century-Fox technicolor musical opening today at the Royal Theatre. The song-studded story was directed by Gregory Ratoff and produced by George Jessel. Crooner Haymes and trumpeter James introduce four new songs.

Horror Film Has Ingenious Plot

A plot of almost diabolical ingenuity interwoven with dark psychological patterns of revenge and murder forms the bizarre back-drop of Universal's "The Spider Woman Strikes Back," which now is at the Plaza Theatre.

Gale Sondergaard, who introduced the unique "Spider Woman" role in a successful Sherlock Holmes film a few seasons ago, continues and enhances her sinister movie characterization in the new thriller. She presents enactment of the character of Zenobia Dollard, a woman who presents a facade of gentility, but in privacy hatches plots of murder and theft.

'Life With Blondie' Based On Comics

A new "Blondie" adventure comes to the Rio Theatre today. It's Columbia Pictures' "Life With Blondie," and the cast includes besides Penny Singleton, Arthur Lake, Larry Simms, Marjorie Kent, Jonathan Hale and Daisy, the "regulars" of this series, Ernest Truex, Marc Lawrence and Veda Ann Borg. The original screen play by Connie Lee is based upon the comic strip "Blondie."

Where To Go Tonight

- PLAZA**—Brenta Joyce in "The Spider Woman Strikes Back."
- RIO**—"Life With Blondie," starring Arthur Lake.
- ROYAL**—"Do You Love Me?" with Maureen O'Hara.
- YORK**—"Alibi," starring James Mason and Margaret Lockwood.

CHARLES BOYER, Reginald Gardiner and Jennifer Jones huddle under a sink as Boyer sounds off with his unstereotyped ideas on the pursuit of happiness in Ernst Lubitsch's production of "Cluny Brown," the 20th Century-Fox hit opening today at the Capitol Theatre. The stage is set when Jennifer, a frustrated English girl with an urge to be a lady plumber, shows up to do a repair job in Gardiner's apartment.

Lillian Gish Back In Film At Atlas

Adapted from Augusta Tucker's popular novel, "Miss Susie Slagle's," is Paramount's film version of the romantic story of young doctors in the making. It comes today to the Atlas Theatre with Veronica Lake, Sonny Tufts and newcomer Joan Caulfield starred.

The picture brings back to the screen Lillian Gish, a veteran actress who has been beloved by two generations of theatre-goers. Miss Gish is "Susie," proprietress of the Slagle boarding house for medical students, and around her pivots the action of the film.

Noel Coward Author Of Sparkling Play

Noel Coward not only created the mischievous plot and sparkling dialogue of the famous play "Blithe Spirit," but also for a short period personally took a hand in the occult doings of his theatrical brain child. He played the role of the novelist, Charles Condomine, a man with a charming wife here below, and another in the Great Beyond who, too impatient to wait for him, returned to earth with devastating

Rex Harrison plays the part of the novelist in the scintillating technicolor movie version of "Blithe Spirit" made by Two Cities Films, currently at the York Theatre.

Lawford Cast As Oxford Graduate

When Peter Lawford was cast as the young Englishman in Ernst Lubitsch's "Cluny Brown," the 20th Century-Fox wardrobe department did some research about the kind of "old school ties" an Oxford graduate might wear.

But the new idol of the bobby-soxers wouldn't hear of it.
Lawford plays his biggest and best role to date in the motion picture co-starring Charles Boyer and Jennifer Jones, and opening today at the Capitol Theatre.
In the film he is romantically involved with a glamorous member-of-nobility.

Parisian Favorite In British Picture

Francoise Rosay, celebrated Parisian stage favorite and film star of happier days, appears at the Dominion Theatre Tuesday in "Johnny Frenchman," her first—and last—British picture. Last, because, after escaping from the Nazis in 1940, she has now returned to her beloved city to help in re-establishing the French stage in its former glory.
With her in the film is Patricia Roc, who plays many delightful romantic episodes with French-Canadian Paul Dupuis and Tom Walls whose grand touches of robust humor lighten the film's tender moments.

MRS. A. T. SATCHWELL, President.
Fitted scarlet boucle coat with handsomely designed platina fox collar. Pockets and belt.

Fall fashions feature fur trim

... modeled by members of Junior Auxiliary of St. Joseph's Hospital

Fur trims take over the starring role in the fashion drama of fall. Executed with originality along with the soft, rounded lines of today's silhouette, they express everything that's exciting and different. The tunic suit, the casual coat, the belted coat, the shorttee ... all feature the unexpected drama of lavish-looking fur borders, collars, deep cuffs, fur sleeves. See these fashions firsts in our superb, new-season collection of fur trims!

'Dollar Fund' Highlight Of the Junior Auxiliary's Of St. Joseph's Hospital Coming Season

This coming year will see all efforts of these active members directed toward the "Dollar Fund" campaign. Its purpose is to raise funds for the new million-dollar wing soon to be erected on Collinson Street. Watch for this worthy campaign. Give it your support. Here is some of the past work done by the Auxiliary: A new X-ray-urological operating table was purchased for the use of specialists ... equipment for a formula room on the maternity floor was installed. ... a glassed-in porch for children was built ... and just last Thursday, September 12, the kitchen wing for the hospital was started.

MISS ELLA PARRISH, Treasurer.

WILEY POST HELPED IN
WINNING MASTERY
OF THE AIR

The other day I went with a friend to take lunch at an airport. After our meal, he boarded a small airplane—this "private plane"—and spent about 15 minutes circling about before he joined me again.

This friend has owned the plane for only a few months, and he said he wanted to get some "landing practice." Afterward we talked about the great changes which have taken place in airplanes during the present century.

Twenty years ago there were few planes to be seen in the sky. When a plane came along, people gazed up at it with great interest.

Modern planes often make non-stop trips of several thousand miles. What a different story it was in the early days of the airplane! Then it was a great thing for a plane to travel a few miles.

Thirty-four years ago a Frenchman named Henry Farman made a "record trip." By flying 17 miles he set up a new "cross-country distance record."

Farman traveled the 17 miles in 20 minutes, which means that his average speed was 51 miles an hour.

Since that time, many great advances have been made in mastery of the air. One of the men

They'll Do It Every Time

who did fine work was an American named Wiley Post. In 1930 Post won the Chicago-Los Angeles Air Derby, his time being 9 hours, 9 minutes and 4 seconds. The next year, in company with Harold Gatty, he made a round-the-world flight which broke all records up to that time. In 8 days, 15 hours and 51 minutes, the two airmen circled the globe in the "Winnie Mae."

In 1933 Wiley Post gave people a new thrill. Alone in his plane, he made a second round-the-world flight. This time he finished the journey in 7 days, 18 hours and 45 minutes. Thus he cut almost a day from the record which he had helped to make.

(For general interest section of your scrapbook.)

is found in the axilla of many women, just outside the normal breast. When milk comes into the breast after childbirth, these tissues also swell. Extra breast tissue may exist at any point along the milk line extending from the axilla over the breast, along the abdominal wall, into the groin, and up the thigh. Occasionally, an extra nipple is also found there. There is no support for the idea that these extra breasts are especially liable to become cancerous.

Question: My daughter has asthma. Is there any remedy for it?

Answer: The treatment of asthma is an individual problem. Certain individuals have a tendency toward asthma, having inherited an allergic constitution. The cause is some substance to which the patient is hypersensitive (dust, food, pollen, molds, dandruff, bacteria, etc.). In addition, there is a nervous factor which may make matters worse. Not everyone who wheezes, coughs, and is short of breath has asthma.

New Edmonton Theatre

EDMONTON (CP)—Construction of a \$400,000 theatre in Edmonton next year is planned by Famous Players Canadian Corporation providing materials are available and such supplies do not interfere with housing for war veterans, Walter P. Wilson, manager of a city theatre, said here. The building will seat 2,000.

The DOCTOR Says:

MANY TATTOO MARKS CAN BE REMOVED

By WILLIAM A. O'BRIEN, M.D.

Questions received from readers this week included the following:

Question: Can tattoo marks be removed?

Answer: Tattoo marks are made by inserting pigment (carbon) in the skin, where it remains as a foreign body. If the coloring matter is in the outer layers of the skin, the skin can be removed, and clean skin can be grafted in its place. Although chemicals have been applied to tattoo marks in the hope of causing a slough, this method is not satisfactory.

Question: Is it possible for a woman to have more than two breasts.

Answer: Extra breast tissue

W. Jeune Wins Two Series In Yacht Club Races

All races for small boats of the Royal Victoria Yacht Club for this season were completed over the weekend when W. Jeune, in his Star class Cygnus,

won the B series and Discovery Island series, and K. Gibbard, sailing the dinghy Guillemot, won the Barnes Trophy. First sail-off for Cygnus and Mintaka, sailed by W. Barrett, which was tying Cygnus for points, was on Saturday afternoon for the B series. The two sailed from the club at 2.30 and finished — Cygnus 4.45.00 and Mintaka 5.04.05.

The course was from the club to the beach mark, to Flower Island, to Cattle Point, to beach mark, to Flower Island, to Cattle Point and back to the club.

E. P. Ashe was officer of the day.

On Sunday, Cygnus and Mintaka sailed for first place in the Discovery Island series. They sailed from the club at 10.35 and finished — Cygnus 1.42.00 and Mintaka 2.22.51.

At 10.40, K. Gibbard, sailing the dinghy Guillemot, and E. P. Ashe, sailing the dinghy Onaway, sailed around Chatham and Discovery Islands in competition for the Barnes Trophy. Guillemot finished at 2.55.33, and Onaway finished at 3.19.03.

Andrew Wright was officer of the day, and J. Holden was time-keeper.

Victoria Choral Union will begin rehearsals Tuesday at 8 in Memorial Hall, Thomas Jenkins conducting. The society, which has been in existence for 14 years, has given 10 consecutive performances of the "Messiah" at the Cathedral.

Building Officials Converge On Victoria For Annual Convention

Building officials from more than 100 cities in Canada and the United States are converging on Victoria today and Tuesday for the 24th annual convention of the Pacific Coast Building Officials' conference, which opens at the Empress Hotel Tuesday afternoon.

Already officials have been set up in the hotel and Hal Colling, secretary-manager, who hails from Los Angeles, anticipates that well over 200 delegates will register today and Tuesday morning. Committees are meeting all day today, and this evening the executive board will hold a meeting, with James H. Park of Compton, Calif., presiding.

Hosts at the convention include Mayor Percy George, Ald. Edward Williams, John H. Baxter, secretary to the mayor, and Duncan K. Kennedy, immediate past president of the organization.

Bishop H. E. Sexton is scheduled to give the invocation at the opening session tomorrow afternoon, at which Senator G. G. McGeer will be the main speaker. Acting Mayor Edward Williams will welcome the delegates to the city in the absence of Mayor George. Mr. Kennedy will introduce Acting Mayor Williams, and also welcome the delegates to Victoria.

The first evening will be occupied by an executive board reception and entertainment in the Empress Hotel grill room.

TO DISCUSS PROBLEMS

Wednesday morning the conference will get down to business, hearing reports from the treasurer, the code changes committee, the research committee, and carry on with discussions of many building problems faced in the Pacific Northwest. Some of the questions scheduled to come up are stairs and exits for occupancy areas, foundations and walls, fire resistance, roof and

floor construction, and airplane hangars.

At lunch there will be a "construction quiz" with Roland Cravens acting as quizmaster.

In the afternoon delegates will be taken on a motor trip to scenic points outside Victoria, stopping at the Royal Colwood Golf and Country Club for the city of Victoria reception, dinner and dance.

Thursday's session will start off with a breakfast round-table on the subject of expanding building department routine, with C. D. Griffin, acting chief, Los Angeles County department of building and safety as leader. Ald. Williams will head panel 1, giving aldermanic and general contractors' viewpoints. E. U. Russell, building inspector, Oakland, will talk on building permits; Walter Putnam, superintendent of building, Pasadena, on plan checking; John Schwafel, building inspector, Palo Alto, on "How the Professional Man Can Co-operate," and A. G. Heofer, building inspector, Spokane, on field inspection.

The luncheon will be addressed by Maj.-Gen. Hugh A. Young, vice-president of the Central Mortgage and Housing Corporation of Ottawa, the rest of the day being spent in a continuation of the discussion on committee reports and code changes.

Friday will also open with a breakfast round-table on "How to Adopt and Enforce the Uniform Building Code, followed by a general assembly at 10.30 and a luncheon symposium on the National Uniformity of Building laws.

The conference will hold its final session Friday afternoon when convention committee reports are received and officers elected. The convention will close with a banquet at Crystal Ballroom with Mr. Kennedy as master of ceremonies.

Arrest Made In Hit-Run Accident

Mrs. J. Black, 2731 Rose Street, 78-year-old victim in a hit-and-run accident at Douglas Street and Hillside Avenue Saturday night, was reported today to be in fairly good condition at St. Joseph's Hospital suffering from a fractured ankle and bruises and lacerations on her left arm and right leg.

A man was arraigned before Magistrate Henry C. Hall in city police court today on a charge of being the driver of a truck which is alleged to have struck Mrs. Black and which failed to stop. He was remanded until Wednesday without plea at the request of defence counsel Patrick J. Sinnott.

Police said Mrs. Black was hit while she was walking east across Douglas Street after she alighted from a bus at the Hillside intersection. The vehicle which struck her was reported to have been traveling north on Douglas Street.

LAND ACT

Notice of Intention to Apply to Lease Land

In Land Recording District of Victoria, and situated in Sooke Harbour, British Columbia.

Take notice that Sooke Development Company Limited of Victoria, B.C., occupation Logging Operators, intends to apply for a lease of the following described lands:

Commencing at the most Southerly corner of Lot "A" of a plan deposited in the Land Registry Office at Victoria, British Columbia, there numbered 4613, then on a line bearing 6° 32' East a distance of four hundred and ten (410) feet to a point, thence on a bearing of N 29° East a distance of fifteen hundred (1500) feet more or less to an intersection with the Southerly boundary of "Purshore" lease numbered Lot One hundred and eighty-four (184) in a section following the shoreline of said section Six (6) along High Water Mark to the point of commencement. The whole containing an area of Twenty-three (23) acres, more or less.

SOOKE DEVELOPMENT COMPANY LIMITED
Per FRANK W. WILFRET, President,
Dated Victoria, B.C. Sept. 12, 1946.

Two Injured When Car Breaks Pole

Three traffic accidents in Saanich during the week-end resulted in injuries to two persons and extensive damage to four cars.

Jagat Singh, 2565 Cook Street, suffered from cuts to his head and severe shock when he was knocked unconscious in an accident at Cedar Hill Cross Road and Reynolds Road at 11.30 Saturday night. A passenger in his car, Miss F. Burton, Midgar Avenue, Mount Tolmie, suffered shock and broken thumb as well as cuts.

Police said Singh's car was traveling on Reynolds Road when at the intersection of Cedar Hill Cross Road it missed a bend, climbed up some rocks, swerved back, struck a telephone pole, broke it off near the base, and tore down electric wires.

Constable Des Ledson and Special Constable Jack Dentin rushed the injured to hospital. The car was wrecked along one side and the front, they reported. John Rates, R.R.2, Sooke, escaped injury in another spectacular crash at 10.55 Saturday night. Constable Robert Adrian and Special Constable Douglas Parks reported Rates' car traveling south on Gorge Road ran into a ditch near Gorge View and went 74 feet before it swerved across the road and hit a telephone pole. The car, police said, was damaged badly.

Two other cars were damaged considerably but the drivers escaped injury when they collided while traveling in opposite directions on Quadra Street at 2.30 Sunday morning. Police said the cars were driven by Douglas Mylea, Sooke, and Peter Brotherton, Delmonte Avenue, Royal Oak. The left sides of the cars were smashed.

\$56 Stolen In Garage Burglary

Thieves who broke into the Empress Garage, 615 Government Street, early this morning, ransacked the offices and stole \$56 in small change, police investigators said today.

Entrance to the building was gained through a broken window on the south side of the building, Sgt. P. Atkinson and Constable Brooke Douglas reported. The thieves escaped through a door unlocked from the inside.

2nd Hit-Run Victim

Provincial police said today a special investigation squad was being sent to Campbell River to look into the second suspected hit-and-run accident in two weeks in the vicinity.

Orville Benton was found seriously injured by the side of the road near Campbell River Sunday morning and is unconscious in hospital at Campbell River.

Rationing In Australia To Continue For Year

CANBERRA (CP)—Prime Minister Joseph Chifley announced that rationing of meat, butter, sugar, tea, cotton and other clothing materials in effect in Australia for four years, is almost certain to continue for another year.

Earlier expectations were that the rationing scheme, under which Australians get up to two pounds of meat, six ounces of butter, two pounds of sugar and two ounces of tea a week, would end this year, but the Prime Minister said it may have to continue so that Britain can get much-needed supplies of meat, butter and sugar.

Rationing of tea, cotton and other clothing materials, he pointed out, may have to continue because of world shortages. Tea supplies are insufficient to meet world demand and Australia is receiving about 34 per cent less cotton and linen, and 41 per cent less rayon and silk than before the war. Supplies of household linen in March, 1947, will be insufficient to meet even rationed demands.

Final decision on rationing will not be made until the end of the year but, in the meantime, the Commonwealth Rationing Commission is arranging for printing of new ration books to replace the current books, which will expire at the end of the year.

Langford Club To Meet

LANGFORD—Monthly meetings of the Langford Community Club will be resumed Thursday night at 8, in the Canadian Legion Hall.

Good Bags Scored In Opening Days Of Hunting Season

While a weepy weatherman made things uncomfortable for hunters combing island woods for deer and feathered game, many Greater Victoria rifle and shotgun marksmen enjoyed good bags as the curtain was raised on the 1946 open season on buck deer, blue grouse and band-tailed pigeons during the week-end.

There were lots of grouse and deer in the cars we checked at Parson's Bridge on the Island Highway late yesterday, reported Game Warden George Stevenson today.

Not many of the cars he checked had pigeons, but those that did had limits. The bags he checked were mostly from the highlands and Cowichan country and some from further north. "There were a number of deer killed in the country from Goldstream to Leechtown," he said.

4 ENTRIES IN COMPETITION
Up to this afternoon four antlered specimens had been weighed in the Sylvester U-Drive Vancouver Island Buck-Deer Competition. Topping the list was a 12-pointer registered by 15-year-old Murray Macdonald, 2847 Dysart Road. Other deer entered were C. Burgess, 1536 Ruby Road, A. E. McLean, 1316 Turbow Road, and M. Ball, 3168 Harriet Road. Last year's top weight was 219 pounds, the year before 191 pounds and in 1943 the heaviest competition buck was 208 pounds.

Murray was hunting the Campbell River country with his father, Clyde. Both reported lots of deer were shot. In addition to rain this pair encountered hail.

The newly-opened Sayward country north of Campbell River also attracted a strong popula-

TRANSFERRING. Is the state or quality of being super excellent. This definition can well be applied to the view westward down the Strait of Juan de Fuca from the high ground on the Marine Drive at Crescent Point. Transferringly beautiful it was on the 9th September when we viewed it. We have 35 acres for sale, wide street front with some excellent black soil and abundant water. A cottage 28'x20'0" now quite completed has been placed so as to command the sunset view down the Strait. It would not take much work to complete it. A good garden was planned this year. "What strawberries!" We had a great deal of two weeks ago. Electric light will be available soon. \$5,000.

EXCLUSIVE AGENTS. ALFRED CARMICHAEL & CO. LTD. 1216 Broad Street. G 7241. Member Real Estate Board of Victoria.

Country Comfort— City Conveniences

Three and a half acres of beautifully landscaped grounds includes the house from its neighbors, and the 10-year-old stucco home blends with the surroundings. Oil heat, hot water, air conditioning, quick heat with no mess or bother. An entrance hall that says "welcome" leads to a spacious living-room (28x16). Its tapestry-plastered walls, open tile fireplace and oak floors will suit almost any type of furniture. The compact dining-room puts everything needed in easy reach. Hot-water heated conservatory for winter blooms. The kitchen is modern and wired for electric range. Bath-room and laundry complete the ground floor. Upstairs you will have three cozy bedrooms, bathroom, sleeping porch and storage space, with a lovely view of the surrounding countryside. Full, high concrete basement. Summer house and outside garage. Only six miles from city centre—Kootenay—B.C. Highway—where you see it. Possession from owner by arrangement. Viewed by appointment only. Price \$15,000. Please Ask for MR. W. JONES, E 8263 Evenings

Inside Story Of Marshal Montgomery's Feud With Canadian Generals Now Told

When Monty was in command of the English invasion coast, in the anxious post-Dunkirk days, he and General McNaughton, the then Canadian Army commander, did not always see eye to eye.

This minor friction did not fully come into the open until July, 1943, when General McNaughton undertook to visit the first Canadian Division, at that time under Monty's command in Sicily with the Eighth Army. It was shortly after the invasion of Sicily, and quite naturally General McNaughton was anxious to visit the Canadian troops. Apart from this interest in seeing how his eldest child had performed, he considered it his duty to see for himself and keep the Canadian government advised.

Unfortunately he did not take into consideration Monty's views on such.

When Monty was told that McNaughton was on his way, without so much as by your leave, he blew up completely. As was accurately reported in the press, Monty said that he would place McNaughton under arrest if he set foot on the island without his permission.

Monty was quite within his rights, despite the fact that it was hardly the wisest way to deal with the situation. Monty was fearful that McNaughton's visit would be but the start of continual Canadian interference in his command, and he was determined to step on it at the start. Monty's immediate chief, General Alexander, now Governor-General of Canada, backed him up. McNaughton didn't make the visit until later.

Read the opinions and heated discussion Montgomery had with Generals Crerar and Simonds in the article entitled "Politics in Khaki," in the Sept. 15 edition of Maclean's Magazine. On sale today at your magazine dealers. Maclean's Magazine is distributed from Vancouver Island by Lovick's News Agency, Victoria, B.C.

William F. Pinckard, who has joined the staff of C. A. Allen Heeney and associates, advertising and public relations counselors of Victoria. Mr. Pinckard recently returned from overseas, served with the Canadian Scottish Regiment in Europe. He is a graduate of Brentwood College, where he was prominent in athletics. He is a former city inter-high school sprint champion.

Guam Crowd Booes Lieut. Tweed War Figure

GUAM (AP)—A group of 100 Guamanians, led by a Catholic priest, demonstrated with booes and placards today against Lieut. George Ray Tweed, the man who eluded the Japanese during the 31-month wartime occupation of Guam.

They blamed Lieut. Tweed for indirectly causing the deaths of a Catholic father and four Guamanians at the hands of the Japanese.

Lieut. Tweed returned with a new automobile as a gift for a Guamanian friend he credited with helping save his life during a precarious existence dodging Japanese pursuers during the war.

As the presentation ceremony opened a crowd of 100 Guamanians marched into the plaza muttering angrily and bearing signs of protest.

Among the inscriptions were "We resent Tweed's appearance on this island," and "Our necks for a Chevrolet."

Lieut. Tweed strode toward the marchers and snatched a sign reading, "What about Tweed's desertion in the face of the enemy?" and tore it into shreds, stamping it under foot.

The demonstrators boomed loudly when Lieut. Tweed approached the microphone to speak, but presently marched out of the park in a body, leaving only a few Guamanians to hear the American.

MOTOR CAR GIVEN

Lieut. Tweed presented a 1946 automobile to Antonio Artero, the man who showed him a hiding place in the hilly back-country of Guam and brought him food once weekly for 31 months.

Catholic Father Oscar Calvo, explaining the demonstration he led, said Lieut. Tweed in his book, "Robinson Crusoe, U.S.N.," had accused Father Duenas, another Guam priest, of "betraying the secret of the confessional."

Father Calvo said the Japanese tortured and eventually killed Father Duenas.

Lieut. Tweed, 43, related in his book that one of his benefactors confessed to Father Duenas where he was hiding and the priest told many Guamanians. Eventually word reached the Japanese who tortured the priest until he told. But word reached Lieut. Tweed in time for him to escape.

J. L. D. Ives Heads Canadian Conductors

CHICAGO (CP)—Harry W. Fraser of Cedar Rapids, Ia., was re-elected president of the Order of Railway Conductors (Ind.) Saturday, and J. L. D. Ives of Ottawa was re-elected unopposed as Canadian vice-president and Dominion legislative representative in the order.

Elections closed the 43rd grand division meeting of the order. The convention, attended by 650 delegates, voted against the election of alternative vice-presidents, a proposal advanced to eliminate the necessity for special elections to replace officials who might die or become incapacitated during the four-year term of office.

The move prevented the expected election of W. G. Baker, Moose Jaw, Sask., as alternative Canadian vice-president.

Mr. Ives began railroading as a brakeman on the Canadian Northern Railway at Dauphin, Man., in 1907. Aged 64, he is the O.R.C. general chairman of the Canadian National Railways, west.

Labor Government Will Soon Nationalize Cable, Wireless

By JOHN DAUPHINEE
LONDON (CP)—Within two months Britain's Labor government will have authority to nationalize Cable and Wireless Limited but it will be well into 1947 at the earliest before the £30,000,000 (\$120,000,000) communications system becomes State property.

So far there has been no decision on the method of operation under government control.

Even Cable and Wireless, after 10 months' fighting against public ownership, now accepts nationalization as inevitable. It is seeking only delay in implementation until the Dominions and India are ready to set up a government-run Commonwealth system as they decided to do at the 1945 London Communications Conference.

Dominions legislation has not yet been introduced. The British act, however, has passed the Commons and probably will get the Lords' third reading during October. Then the government will be able to take over 355,000 miles of cables and 140 wireless circuits.

"But that will only be the first step," said a Cable and Wireless official. "The important thing is to set up the planned Commonwealth Telecommunications Board to co-ordinate and develop the Commonwealth set-up."

"That can't be done until the Dominions and India take over their own external communications. Our argument is that the change of control in Britain shouldn't occur until the other Commonwealth countries are ready to move simultaneously."

Canada, for instance, plans to acquire the Canadian Marconi Company which operates the Dominion's overseas wireless circuits.

REASONS UNPUBLISHED

Detailed reasons for taking over Cable Wireless have never been published. The report of the 1945 communications conference is still a secret document.

It is known, however, that public ownership first was suggested in 1931 by Australia's Labor government and that New Zealand and India soon agreed.

Canada and South Africa, on the other hand, were satisfied with the existing set-up and not until 1945 did they agree to come in with the remainder of the Commonwealth.

Proponents of the plan at closed sessions of the 1945 London meeting advanced, it was learned, five main reasons for nationalization:

1. They wanted a greater say in the central control of Empire communications than is provided by the existing Commonwealth Communications Council, mainly an advisory body.

2. They felt government companies would give them better control of communications in their own areas.

3. They thought the dominant British company routed too much traffic through London. Cables between India and South Africa, for instance, must be sent via the United Kingdom.

4. If they were to contribute to

maintenance of the Empire communications system they wanted to contribute to a company from which profit motive had been removed.

5. They had doubts of the company's ability to meet postwar financial obligations.

STAFF CHIEFS IN FAVOR

It is known, too, that the British chiefs of staff favored public ownership for "strategic reasons" which have not been made public.

Cable and Wireless, strongly opposed to the nationalization, urged unsuccessfully that if public ownership must come it should be through a single Empire corporation in which the Dominions would be represented, instead of a separate company in each Commonwealth country.

Main arguments against any change, as outlined by chairman Sir Edward Wilshaw, include:

1. The bill "means the break-up of the great British Commonwealth system of communications."

2. The scheme is "impracticable and unworkable," and will result in loss of vital foreign concessions because some governments "resent diplomatic interference." One country, he said, broke off negotiations with the company as soon as the bill was introduced.

3. Cable and Wireless is equipped to meet all future financial commitments.

Boy King Of Iraq Has Man's Job

Boy King Faisal of Iraq may have a man's problem on his shoulders if the Palestine question is not settled to the satisfaction of the Arab world. The 12-year-old ruler of 3,650,000 Arabs is studying a portrait of himself drawn by London artist, Anthony Devas.

Colin Burnell Dies In Manitoba

OAKVILLE, Man. (CP)—Colin Burnell, 66, former president of the United Farmers of Manitoba, died at his home here Sunday following a series of heart attacks.

He took an active part in organizing the Manitoba Wheat Pool and was leading exponent of the co-operative movement. He is survived by his wife at Lethbridge, Alta., and a sister, Mrs. Howard Robinson, also of Lethbridge.

Get generous 40¢ tube of pleasant, easy-to-use, guaranteed State at your drug store right away!

DUNLOP Faces A GREAT RESPONSIBILITY

With other tire plants closed down for the past two months, Dunlop is faced with the great responsibility of endeavouring to satisfy the tremendous demand for tires due to the non-production of other tire companies.

Dunlop accepts this responsibility. Confident in the consistent loyalty and productive skill of its employees with whom the friendliest relations have always existed . . . possessed of the understanding and co-operation of Dunlop Dealers everywhere . . . Dunlop is bending every effort . . . concentrating every resource . . . on the production of Dunlop Tires to meet the needs of essential transportation, regular Dunlop customers and all others whom it is possible to serve through its established dealers.

TIRE SITUATION CRITICAL

No one can over-emphasize the critical shortage of tires today. And there are few signs of improvement. Even the manufacturers of new cars and trucks are obliged to ship cars and trucks without tires. It is utterly impossible for one tire plant to attempt to reasonably serve essential transportation, equip these new vehicles and to take care of consumer sales. Nevertheless, Dunlop Dealers are exercising the keenest judgment and sense of fair play in establishing equitable distribution of their very limited supplies.

Yes, in addition to being the only Tire Plant in Canada presently operating . . . in addition to the pressing demand . . . Dunlop is handicapped in its efforts by shortages of essential materials, including tire fabrics, steel and other metals for tire heads, moulds, valves, etc., and other materials and equipment essential to tire building which, on account of unsettled labour conditions elsewhere, have been in short supply or not available at all. Because of these shortages, Dunlop, in spite of having been as far ahead in its raw material inventories as conditions permitted, has been unable to maintain normal production. Users of tires such as the new 6.50-15 size will thus appreciate the difficulty of getting into quantity production of this particular tire.

IN THE PUBLIC INTEREST

In the face of this grave, unprecedented situation, Dunlop . . . in the public interest . . . is going beyond commercial considerations and is doing its level best to serve tire users throughout Canada.

Dunlop assures you that it will continue to serve Canadians to the utmost of its ability, sparing no effort or expense. There is still great need for patience, of course, for conditions show no sign of easing. But when times return to normal . . . when present difficulties are ironed out . . . Dunlop, with its expanding production facilities, with the assurance of the steadfast loyalty and mutual goodwill of its employees and the co-operation of its dealers . . . will again be in a position to make available to tire users everywhere unrestricted supplies of the famous, long-serving, smooth-riding Dunlop Armored Tires.
